# Miranda Love()

## Dear Stepfather,

You died on me,  
so many things you promised  
so many things you won't be able to see  
from me that you promised you'd be their for,  
but I'll make you proud because of what we  
promised each other. I really and truly  
hope I make you proud of me.

# Death

Death is sad  
Sometimes i wonder why at the end of day  
and stare into space  
Why but God has his reasons no matter how  
much we think its wrong  
and we cry we remember  
there in a better place.

# Friendship

Friendships are strong  
it doesnt matter how long you've known a person  
its about whose been there and stood by you  
in times of need, hurt, sorrow, and laughter  
There a shoulder to cry on, a person who doesnt  
judge you a true friend.

# Girls

This generation is crazy  
girls do so many things that are truly  
unnecessary to make themselves feel they are loved  
pretty, popular, and so much more but what they don't  
know is that, they are  
You have to love yourself in order  
for you to be those things  
It's not about what others say  
it's about what you say.

# Life

We don't think about the ways of life too much  
When it hurts, but there's no need  
To give up when your heart feels its not in it  
like its stopping like we aren't even trying  
but we do, it's just hard. Life is hard and people  
fail to realize....

# Mother's

Mother's ain't awarded for what they do  
They do it cause they suppose to  
Life ain't been easy for them  
Raising kids and all, but they do.  
Everything ain't as easy as it seems  
Its whole nether world when you actually do it.

# Pain

I've never felt this pain before  
people say they know how it feels  
I believe them but then i dont  
I cry every night for my lost one.  
The saying "You never know how good it is until  
its gone". I believe now.

# People

I look around and I see men and women  
at there lowest places that use to be honest  
to God good people, but the world, the streets  
got to them and now there not the same people I  
use to know. Doing drugs, shots, and smoking.  
I wonder for my own family sometimes, its something  
I'd never want to see happen to them...  
Time after time I look around and think is this  
really what things have come down too, but God  
always accepts you because there are many dwelling  
places in his palace, you just have to change.

# Smile

Through pain smiles are light  
Smiles are good  
they can brighten your whole day  
They are forever.

# Success

In order for you to be successful  
You have to believe in yourself  
and your goals. and i quote " in  
order for you to be sucessful you  
have to want it as much as you want breath".  
You should be able to look at yourself in the  
mirror and say" Im going to be successful".  
Don't let anyone make you feel as though  
you can be succesful because you can.  
Who cares what others say?

# The Ghetto

People from the hood get judged so fast  
even though they don't know who they are  
they don't know what people go through  
in soul and heart so i ask myslef why  
why do we do this to make ourselves  
feel better.....
