Muhammad A. Kumo()

Downpour

Kumo just Raining stair-rods everywhere,

caumoflaged in freeze of cat and dog camaraderia.

I feel like zooming off and bury humble self in my cloak,
but, dawn prayer stormed and round the bunk.

Night! Lonely

Night night, still awake!

Who can help me? still awake!

Share my moment, still awake!

I am lonely, still awake!

Gonna prayer'd, still awake!

Sallah Sabathe(Eid)

Sallah sabbath

around the corner.

The sky of my ancestry kumo kaleidoscopites.

tomorrow likely i will be glee.

Clad my new caftan,

looking juvenilee, and jerk jauntily and jesting in jamboree.

My jocund jealousy jenny jasmine our jiffy of jullity.

Eat and drink jars of joyous, and

jaw praises to my lord, Allah the finest, mightiest and saviour.
