# Murtaza Bohari()

I'm what I'm. I'm an unknown guy billed from Parts Unknown.

# Wtf Is This?

Examinations are the way of learning how to mold your life,  
Merely, it instructs you how to handle your strive.

Both of them are far-famed to crush up your brains,  
And they try their best to stick up the level of strains.

But the victor is the one who tumbles them,  
Either with his sentiments or making them feel lame.

It's a character of your spirit, play it like a game,  
It will at least earn your a\*\* some sort of fame.

Regulate your life according to your rules,  
Or your accented brain will need some medical tools.

Your life's tale is in your own hands, draw a proficient sketch of it.  
Or else it will bequeath you with a question, What the fu\*\* is this?

- You just don't recognize what life wants from you, but once you will realize that what it needs is just some patience, patience to swallow the positives and negatives what it bids us. Or else of being a dump, enjoy your life. Subsequently all, your life's fortune is in your hands.
