Angels

I know such love is real,
and angels live it's ture.

for god gave us his very best,
When he loved us and toaght of you.

Choose To Be Happy

Choose to be happy,
Choose to feel great,
Choose not to let things make you irate.

I know that some people are not feeling great,
and i know that some people just know how to hate,
And that all people could be healthy and strong.

And i wish that all people would just get along.

If wands could be waved, and the world be cured,
I'd wave that big wand, you can be assured,
But i'll do what i can.

Every day i am here, and try to remember " the good,
Year to Year.

And i choose to be happy,
and i choose to feel great,
and i choose not to let things make irate?

Friends Are Angels

Friends are like Angels,
ever watchful ever listening.

ready to help each other,
in any way for anything.

i give you this guardian angel,
as a symbol of our friendship,
and to remind us.... friends are angels.

Friendship

Angel in my midst,
standing ready,
Wherever i need,
a shoulder to cry on.

An ear to listen you are there....
not for reward,
or personal gain,
you do so willingly,
with sincerity,
and compassion.

In your preserence,
i have felt the brush of an angelic wing,
and found the true meaning of friendship,
for these reasons.

You shall remain my greatest inspiration,
and deurest friend.

Life

Life is a game forgetting and remembering,
You are losing the game.

When you.....
forget who you are and what you are,
doing here.

Remember the false things of the past,
What they did to you.

Life Changes

Life Changes, goes up and down

you never know until it comes around.

We try to smile thru good and bad

depdn on friends to keep away sad.

The journey is long, the road is rough

faith and hope will be enough.

Don't waste a day in anger or regret

keep joy in your heart, your needs will be met.

Missing You

I saw you last week,
missing you.
your lips are rosie red,
your eyes sparkly and shineing,
missing you.

Missing you i am,
because i want to see you badly,
Missing you i am.
i miss your smile and laughing,
Missing you i am.

Missing you missing you i am.

Mother's

Mothers never really die
They just keep house up in the sky
They Polish the sun by day
And light the stars that shine at night
Keep the moon beams silvery Bright
And in their heavenly home above
They wait to welcome those they love.

Moving On

The time has come to move on,
To start a new adventure.
It's a new part of my life,
Which will help me to decide my future.

I have chosen the direction i want to move in,
I have made a decision.
Through things that have happened,
with this knowledge i can help others.

Mum

A mum is always for you,
from the day you were born,
and she is there for you,
when you are down or need help.
even you are older(which is never,
because you are always her baby) .

If you are having problems,
and cannot speak to anyone,
but mum is there 24/7 even,
she has gone.

But a mum is a wonderful person,
to be with and a person you should,
repect for ever.

Oh, When I Was In Love With You

Oh, when i was in love with you,
Then i was clean and brave,
And miles around the wonder grew how will did i behave.

And now the fancy passes by will remain
and nothing will remain,

and miles around they'll say that i am quite myself again.

The Stars

The stars are up high they dance in the sky,
but only at night they shine very bright and by,
day they vanish from site.

we know that the're there hanging up in the air,
my feelings for you are solid and true,
so why do i constantly feel troubled and blue.

Values

You become whatever you think about,
deeply.

Think only about peace,
love and happiness,
feel those values,
of part of your life,
and you will become them.

We All Have An Angel

Psychic servant, Spiritual guide,
My guardian Angel, you stand by my side.

You give your gifts without a thought,
In whispers and dreams your words are caught.

I Remember you when i was a child;
You have always been here inside my mind.

Peaceful and comfortion, so loyal and true,
Whit love and devotion, i give thanks to you.

What I Love About You

i love the way you look at me,
i love the way you kiss me,
your lips are so soft and smooth.

i love the way you make me so happy,
and the ways you show you care,
i love the way you say, 'i love you, '
and the way you're always there.

i love the way you touch me,
always sending chills down my spine,
i love that you are with me,
and glad that you are mine.

When You Are With Me

When you are with me i become happy,
you are by my side when i need you,
everytime you call me you are with me.
i know when you go away you are,
still going to be with me by
my side each time you go away.

Where Is Your Heart

Where is your heart i don't know,
all i can think that you are by my
side.

Is that you going down the slide,
where your heart is the things you,
have done you have tried your best.

You Are My Love

when you are with me,
where ever we go,
it is so sweet.

when you are with me,
is make's me happy,
what can we do?
you are my love.

if you are not here,
it feels like i can not breathe,
and it proves my love is strong,
for you.

when your hair shines,
my eyes light up,
my heart gose fast,
don't leave me in the past.

in our futuer i won't be here,
i am leaving soon,
i know it's hard.

with all my love it's time to go.

with love your best man

You Call Me

When you call me i am by yourside,
eachtime you say that you love me,
all what matter that i am by your side,
you say to me that you don't know
what to do but i allways help you go by.
