# The Days Of Love

I only love to walk  
Sometimes even talk  
I only love to talk  
Sometimes even i'm in shock  
I always feel like walking to streets  
I always love the days that come and days that go  
I wonder how finely and free  
Why i'm in this world and what I'll be! !

# The Tone Of Music

The rhythm of music is always in my head,  
When I listen to it, I lay on my bed.  
There are sad songs, love songs, happy songs too,  
Oh music whatever will I do without you!  
Music makes me as happy as can be,  
Even Ocean sounds really relax me me!  
Without music? I'd really be dead!  
Oh whatever will I do without music in my head?  
When I have bad days, I listen to you,  
Wondering when I'll fix the problem, and what I will do.  
I love the tone of music, as you can see;  
You hear music everywhere, even on TV. &3 &3 &3 &3 &3
