Rachael Gunn(9/27/90)

There is not much to say about myself. I was born on 9/27/90. I have a mother and a father. But my father is not my real dad but in my heart I think he is. I have moved alot in my life. I have been to 8 different schools by the time I was 15 years old. I love country music. It is my favorite of all time. I don't understand that rap stuff. I am planing on becoming a PE teacher. I love to dance, and I am good at it to. But I have problems. Learning problems, I read at a 6th grade level. and I am not able to spell higher than a 4th grader level but I keep trying. I thank you for reading this. And I ask you if you know anyone by the name Doug Axes. and if you do can you tell me. I am looking for my father. Thank you.

Cry Me A River

Cry me a river or leave me alone
I'll be your bestfriend waighting by the phone
If you need me make sure I'm alone
'cause I dont talk to you or speak to you
I want even play nice with you

You think you no me but my hart is true
I pray for the big red, whight, and blue
so I ask you who are you

In The End

We are all alone in the end
the death that all are so scared of is nothing
it is just life that we should all be scared of
what is this life that is full of pain nothing is right
they say that you die a painful death
but don't you just feel the pain while you are alive
death is no pain no fear
because when we die we know everything

Is It My Fault

Why is it always me
'you have to do this'
I have to do everything
and then I get in so much shit
nothing seems to be right
I dont understand why you are always in my way
before you get in the way you have to know one thing
this girl is going to do anything she wants
so steep down and get out of the way
nothing is my fault
to: Sandra 'the stupid girl'

Jeff

ya I know this is different
and I know it is lame
but thinking of you feels the same.

I know that you care
I know I want to share

So dont think twice that I am not yours
Becuase I saw you and now I want more

hahahaha

Perfect

just the way I like things to be
nice and calm
listen to the sound of the wind going through the trees
there is hope for me yet

ahhh.
the tast of sweet tea

no bills to pay

my job is great
my kids well.....
Shit my kids at the game
the washer, Bob needs the car, ...
Shit

There Is No You

time is everything
there is no stoping

when you die others will be born
and the world well still go on
there is nothing you can do to make things slow down
your child will still go on loveing others with out you

so dont worry you are just a small littel ant on this world
It is all of us put together that counts

To The Dead

I have cryed so many times
I have wanted to die inside
But now you are gone and there is nothing I can do
I wanted to tell you good bye
I wanted to tell you how much I loved you

why do we even have a life, all we are going to do is die away
you left to be all alone I thought you were the only one who could save me

what is going to happen to your kids
you left to be alone one is 6 the other is 4
what are they going to do when the cannt see you anymore

I wish I was old enofe to take them in
show them what life is all about
the beauty within the beauty without
the hopes and the dreams and everything in between

What are we going to do with out you

This is to my aunt who just died on 1/21/06
good bye Holly I loved you so very much
:(:(:(:(:(

Why? ? ? ?

There is no reason why people have to be some way
you think first and then you acted right
why are there so many people in this world that don't think they just go for it
'It doesn't matter what others think, or feel. It is just me and that is the only
thing that counts' They tell themselves that over and over
What about the people that they hurt, the ones they leave behind
Can people just think before they act
Isn't that what your mom told you to do
