~this Valentine~

O My Sweet Little Angel in White,
One Tearful & One Full of Dreams;
Two Dove Eyes, in Quest of a distant Bliss,
Believe by Heart, Days are not away, SO Bright....!

Follow Your Bliss, so Cherished from the Times,
Quest of which made You Waiting, by the Window Lines;
Be in Peace & have a Heavenly Smile,
That makes to Glitter a Silver line, on the face of Sky-Line....

Dusky Dark Clouds are looming large,
A Thunder is imminent, with the Fall of Dark Night;
But Neither be Lovesick or Lovelorn,
Deeply Breathe, in Faith; as Morning shall be Bright...

A New 2-morrow is to Gift You a Rainbow so Bright,
As 'HIS'Coming Foot Steps' Sounds are mingled in silence of night;
Be in Peace with your Little SOUL.O Angel in White!
Heavens have Promised: 'Some One' with the Spirit SO HIGH....

Jingle of Nuptial Bells are wringing in the Temple of Sky,
Stars are little early, & Sun has Volunteered for an early rest;
'HE' is to COME SURE From The Road&Enter through The Gate
YOU have Stared so long & kept Open, Your the HEART BEST.....

Be Sure Clouds are to Sing&Dance, on the Shoulders of Sky,
And then 'HE' Comes on the Wings of Winds, Cool&Soft,
With the Fragrance of Flowers in Heaven with The Rainbow Garland,
To Adore Your Tender Neck With Love so Sweet&Kind, &to Whisper in Your
Ears.....

I BE YOUR VALENTINE...ON YOUR SO CHERISHED OLD DIVINE ROAD & MAKE ME
THINE...! !

His Way Of Loving

I was there with my void & empty heart,
void of any good or bad feelings,
with a feeling of detachment & dejection
because like others I was not so smart.

But all those were early n before time
and full of good feelings in their hearts,
with the good worldly offerings in their folded hands
feeling a fullness & contented, as they were more smart

They were there with their souls cupped in their hearts
and wished to exchange for always or unite with your soul for a while
but I waited blank n void with open hands to get you because I had
heard of your way of loving and I was not so smart.....

you showered your love & blessings
to all unhurriedly who headed me in que
Time ran fast n I thought in anxiety
of me remaining void for ever; as I had a chance few

And suddenly Time flew fast
YOU stood before me and I was spell cast
your deep eyes searching void in me
and my eyes fill with tears n I am on my knee...

I feel a tender n kind caressing touch in my heart, & a so deep and purposeful
gaze of yours fills
all my void & emptiness at a spur of time with ALL the FULLNESS.....
I feel sobbing inside, but all detachment, rejections gone..and now I feel
attachment& love for ALL..
and quenched forever;
NEVER will now I be in que
That is Your style...how YOU love..... ME! ! !

Let The Veil Lift Now

Bright lightening in dark clouds
Ray of hope in despair of life
Your Life-full joyous arched smile

Thirst for Your love divine
Unquenched from time eternal, as Long summer-
Heated Earth and scanty rains

Silent Prayers in wringing bells
Beckons me closer to You much more
Let the veil lift Now!

Ramanath Mishra

Set My Soul Free From The Cages

My Soul ever pray in YOUR Name
YOUR image manifest in Cosmic Infinite
But YOUR Memory not in my mind sane
Because, YOU say it's past experience's shadow bright!
Wait for YOU from the ages, for an Experience,
With arms stretched, heart revealing, & a true conscience,
Come, Post Your image on my heart n soul
Embrace, my Love & Set my Soul Free from the Cages! ! !

We Are Not Apart

Days of darkness
Have melted
In the past
Fears within
which made so aghast
Passed
It was
Only Your love n light
Imagined in
Soul and heart
That being true
In the sight
Oho
You and me
Are now
No apart! !
