Riley Mask(7-7-89)

I play bass and back up vocals in a band called Gary Jones And The Silver Spurs.
I love to go mudden and hanging out with friends well yea that's me. White
Power! ! ! !

About The Good Times.

Verse 1. I Was sittin on my porch just wasting time thinking about all the good times we use to have how

we use to sit under the sky watching the clouds change and the birds flying over us how we use to ride

horses. Go to rodeo's and just be together.

Verse 2. When I feel you gone, and the words don't seem to come to me,

I pick up that picture of you sittin on that porch swing, Of me and you singing bout the good

times we had, Like that day at the rodeo when you first kissed me

I see you in the clouds, i see you in my dreams And I pray to god

I pray he will bring you back to me.

Chorus. Babe let us bring back the good times

climbing trees pickin wild flowers on the green hills

playing in light blue rivers

sittin on my tractor seat watching the cows graze

fishing in john boats with nothing but cane poles

Babe let us bring back the good times

Verse 3. babe If I could have just one wish, I would wish to wake up everyday

to the sound of your breath on my neck,

the warmth of your lips on my cheek,

the touch of your fingers on my skin,

and the feel of your heart beating with mine...

Knowing that I could never find that feeling

with anyone other than you.

Chorus 2. Lets Just bring back the good times.

 swinging from tree trunks to the pond below

 riding on fourwheelers

 playing barefoot in mudholes

 swinging on half-fallen pine trees

 chasing dragonflies

 making ripples on the blue seas

 sailing on wooden boats

 paddling on clear days suns shining full and moons glowing cool

 babe lets just bring back the good times.

Come Back To Me.

I don't know what I'm doing here
All I want to do
Is go back there with you?

I all ways wanted to tell
You that I'm sorry
For the way I acted
I'm sorry for all the lies
I'm sorry for the way I am
I'm sorry for all the pain
I put you threw

You will always be the angel that makes my life complete
How it breaks my heart to cause you this pain
So if I stay I would only be in your way
So ill go but I know ill think of you every step of the way

So goodbye please don't cry
We both know I'm not what you need
I hope life treats you kind and I hope you have all you've dreamed of

I know there'll never be a time
You'll ever fell the same
And I know its only words
But if you change your mind you know that ill be here

I just can't let this feeling end it might not come again
And I want to remember
How it feels to touch
How I feel so much since I found you

When we are together
The moments I cherish with every beat of my heart
To touch you, to hold you, to feel you, to need you,
There's nothing to keep us apart

When I look in your eyes
I'm looking threw Gods eyes
They draw me in to you

Your smile is a one in a billion
A one in a billion you
I have been wanted someone like you for so long
I finally found you
But its like I just don't belong
Baby please come back to me
Because we do get along
Get Along
We do get along
Along
Get along

Riley Mask

I Despise You

Hey, get away from me I never want to see you
You ruined my life to much already I can't believe you
Look what you have done I never get to have any fun and

When I do you screw it up I held it in as long as I can so now
I'm going to say what I have got to say get out of my life I'm
Tried of being nice I never want to see you again

Get out
I despise
I despise you

And this is no lie so all I have got to say is
Bye bye
The sooner your gone the better I have drip to much blood

Off of my hands for you I don't want you, I won't miss you,
I won't love you; you are the cancer that is slowly killing me
But once your gone I wont have to worry about that any more

I never want to see you
I despise
I despise

I despise you
Just look at me one last time because it will be your last
I despise

I despise
I DESPISE YOU
Get out of my face

I'm ready to leave this screwed up place
You look so innocent but you're far from that
You couldn't pay me a cent to say that

I never want to see you
Get out of my life I'm tried of being nice
It's all because I despise

I despise
I despise you
And this is no lie so all I have got to say is

Hears a cent now bye bye
I despise you
I despise

I despise you
You're making me go insane
I know you think I'm a pain GOOD

You screwed my life up
And now I despise you
Because of you

I despise you
Get out of my life
Get out

I despise you
Get out please
God please help me

Get him out
(I don't need revenge) just get out
(I don't need revenge) leave me alone

I despise you
I despise
I despise you

I DESPISE YOU

One More

I was walking on an old black top road
When I heard your granddad and I said Oh No
He said watcha doing here boy I thought my granddaughter
Said she doesn't want to see you no more I said I

Cant resist that sweet smile of hers "you know"
I'm still in love with that angel from above
2x(I'm just asking for one more chance
Just one more chance

I'll make it worth your wild with
This one last dance)
I'll do anything give up everything for one more night
One more chance

Every time I look at you I know there is a God and he loved me so much
That he took the time to create you "just for me"
Cause you are my light it doesn't matter what happens in this life
As long as your with me

Please don't leave me again
Please don't leave me please
2x(I just want one more chance
One more night

One more dance)
One more chance
Chance
One more chance

Please just one more chance
I give it all in Can't we start again
Please just one more chance.

Scream

Do you ever feel like breaking down?
Do you ever feel out of place?
When all you want to do is scream

Scream

Do your mom and dad always act despicable to each other?
You want it to stop but it makes your head throb

You want to scream but it hurts so badly you don't know what to do
Your thoughts are screaming inside your head
All you know what to do is talk to God

He is the only one that can get rid of this pain
This pain that eats you up inside
So just scream

Scream

God can you help now I'm pulling all my hairs out
My brain is shutting down...down...down

It's shutting down...down...down
So just scream
(Scream)

Scream

(Scream)

SCREAM
