Big World

City lights so bright
Beautiful music
Fast ride, hold on tight.

I need peace, a small city
the big family love,
The world ain't so pretty.

A kiss on the chin,
I feel best where I've been.

Candy Flowers

Sweet is the candy
Fresh is the flower

Snack time
Wrap time

Flavor of pink
Fragrance of love.

Copacetic

Doing just fine
Had a little wine.

Today I laughed
I touched the sky.

Read a book
I didn't cry.

My life is brighter.
I see a path.

A loving voice.
I did the math.

Everything is Copacetic.

Craddle My Heart

Don't Let me fall
as I fly so high
I can't see at all.

You have my heart and
my soul
till we grow old.

Craddle my heart my love.

Empty Whispers

Whisper sweet nothings to me
I need to hear your voice

Rainbows, moon glows,
I've made my choice.

Engulf me in your glee
you mean everything to me.

Meaningless mumbles in my ear
Empty whispers I'm left to hear.

Fallin' In Love

Like the ocean waves,
your strength is wet.

Like the ocean waves,
I drown in your salt.

Like the ocean waves,
your kiss is forever.

Like the ocean waves
I wave back.

I Can Breathe

Heavy sigh!
Oh my.....

Listening, to the sound
of the silent horn blow.

The humming birds sway
to the beat of tomorrow.

In and out each breath
is a whistle.

Visions Of Light

You've come back to me my love
hold me to your chest.

Never let me go again
in you I find rest.

Visions of you
dancing on a cloud

I see you in my dreams
calling my name aloud.

I awake to the day oh so bright;
just an illusion or
a vision of light.
