My Hidden Emotions

My rough exterior hides my true self; the anxiety, the fear, and the humiliation.
Like my sign the Libra.

It says i'm supposed to keep balance, but really what is good without evil.

That doesn't mean I don't have any feelings which nobody will ever see.

So I shall keep my hidden emotions inside, til the day I find someone whom I
can share them with.

Thus the sadness in my heart will continue to grow.

Intil one day I can either face-it or run from it.
