She Will Always

she will always be with me
she will always have my back
she will always trust me
she will always love me with all her heart she will be my friend from beggining to
end
she will always be an angel of god
she will always be in my mind
she will always try to cheer me up
she will always find a way to snuggle up
she will always find a way to be with me
she will always be truthful to me
she will always be the girl in my heart
she will always be on my side of the part

Why Are People Always

Why are people always cheating?
Why are people always fighting?
Why are people always dieing?
Why are people always crying?
Why are people always hating?
Why are people always debating?
Why are people always trading?
Why are people always trying to fit in?
Why are people always cursing?
Why are people always bursting?
Why are people always tripping?
Why are people always not trying to be fair?
Why are people always trying to be dumb?
Why are people always playing too much?
Why are people always misbehaving?
Why are people always do drugs?
Why are people always not trying to have a future?
Why do people always try to ruin their life?
Why?

You Are

you are my girl
you dont make me hurl you are my friend
you are the one who dont make me sin
you are my fire
you are the one who wont burn a wire
you are my desire
you are the one who wont call me a liar
you are some one who will confort me
you are the one who will help me carry on
you are the one who will wake me up at dawn
you are the one who wont get mad if i dont clean the lawn
