# Deaths Road

She walks a dark walk.  
Her heart a misery.  
She cries like no other.  
In mourning is she.  
Her heart a dead emotion.  
Her soul bludgeon.  
She heads to evils dungeon.  
Such sadness her empathy.

# Drown

Beauty excludes.  
Drifting timeless.  
Rolling like breeze's.  
High mountain rivers.  
Deep blue waters.  
Such engulfing.  
Drowning, strangling.  
Claustrophobic emotion.

# Hell's Demon

Angered hatred.

Devils garden.

Hell's fire burning.

Gnashing, gnawing, demons clawing.

Teeth grinding.

Reaper'scythe.

Soul's are taken.

Deep beneath, as earth awaken's.

# She Is Devil's Darkness

In darkness, the mist she clears.  
Standing in elegance, she bids you near.  
Stigma flows her evil fire.  
The air breathing her unquenched desire.  
Her beauty such transcends.  
Fears aura that draws your soul a brutal end.  
A life you have, human she took.  
Darkness now your story book.  
Endless torment to quench your thirst.  
She turns and smiles, your soul traverse.  
Feed upon their souls, precede.  
Taste their horror, blood red, they bleed.
