Amateur Gardeners' March

Merry wind preach us song of Freedom
Mountains and seas
Cities and islands
You know everything
And all of them tell us the truth!

The Sun - our daily star
Our hero and mastermind
Teach us to illuminate
Always and everywhere
Carry Light in the darkness!

Water - our sister
And our lives' the living fountain
Teach us Humility
Which triumphs over vanity of pride!

Mother Earth bless
Your children bad and good
We are here because
Called upon to rise
Into concentric spheres of the Absolute!
