Late Nights Without You..

by Stephen Martino

Sitting here waiting for you

Who would of knew?

Who would of knew?

I need you now more than ever

I fall away like a lonely feather

Who would of knew?

Who would of knew?

Your treated so bad

It makes me mad

While men leave you, make you sad

Who would of knew?

Who would of knew?

I have so much rage built up

But I just bite my tounge... fill up my cup
