A Woman....

A woman laughs so she doesn't scream.

A woman cleans so she doesn't hit.

A woman cries so she doesn't leave.

A woman leaves so she doesn't get hurt.

A woman loves for all the right reasons.

Alone

alone, nothing there.
so dark and cold.
no light, not even a shimmer.
only one sound, my heart.

no water, no food.
i feel like i'm in a black hole.
how did i get here?
why this place?

where is everyone?
i can't see where i am.
what is my purpose?
i can barely breathe.

how do i get out?
i'm so afraid! i'm mortified!
i can't find a corner as i crawl.
i'm so alone, i here no sound.
not even my heart.

Do I Love Thee

Shimmering like then night seas

A moon beam in a tree

How do i see

Do i love thee

Laugh, Live, Love.

you laugh so you can live

you live when you love

you love when you laugh

Tiffany Rockelle

Night

quiet all around

crickets is the only sound

friends of the still night

Tiffany Rockelle

Night Sky

slowly is the clouds
darkening is the night sky
raindrops on the roof

Please Come Back

your never around to notice
why can't you see me
i've changed butt you don't care
your the one who is suppose to care

your always tired or asleep
nothing i do is enough
why can't i please you
i'm here today but i'll be gone tomorrow

you have noticed nothing for three years
why did you change
i miss you so much
please come back

Poor Little Cloud So Lost And Gray

poor little cloud so lost and gray
when he crys he waters the ground
he wonders around trying to find his way
thouder rolls and his friends he's found
with a flash of lighting the rain begins to fall
he finally found his friends

Storm

the lights go out
the room is soulless
not a light about
i know if nothing is whole
the storm rages in the broken night

it starts to rain
i can't stop it
i'm in so much pain
i think i'm slowly dieing bit by bit
i can't hold on

the storms to strong
the darkness is to much
it's been to long
my knights to late
so my life death takes

Unknown

faces, names, but nun alike

rooms full, so full, but still alone

people here, people there, but many not known

no room, SMALLER and SMALLER the room gets

AIR! AIR! without air i will DIE!

HAPPINESS, ANGRY, ANNOYANCE, so many emotions, to many to count

LAUGHING, SINGING, CRYING, can't hear myself think

MUST find a door or window, MUST ESCAPE! ! ! !

asleep, awake, maybe a dream

does it really matter?

so much known, but to much UNKNOWN

Why

why did you leave me?
was i not good enough?
did i do something wrong?
was there someone better?
am i that horrible?

i don't care why you left.
i don't care if i wasn't good enough.
i don't care if i did something wrong.
i don't care if there was someone else.
i don't care what you think.

i am through with you and your lies.
i could care less if you came back.
i forgive you but i don't want you.
i'll leave if you came again.
i just don't care anymore.
