All Things I Love About You

I love the way you make me laugh,
I love the way you make me cry,

Tears of joy stream from my eyes,
As I hear your voice, a loving surprise.

I love when you're angry,
I love when you're sad.

I love you when you're glad,
When you tell me the day you had.

I love you truly,
I love you deeply,
no matter you have (HCV) Hep C.
I fell deeply in love,

Ever since the day,
I first met you David.

I missed you when you left,
I missed you when I thought you'd never
awake again from coma.
I miss you now more than ever.

Wishing I had met you before I met Timmy,
he played me wrong, my mistake was almost
losing you,
I realized this at the hospital with you.

Without you, in my life is strife.
But now again I have the chance of being with you.

Be with me David lets start a life,
together forever, lets dance eternally.

I wait for you as the days go by,
My love is growing more and more each day.

I can't wait to see you agin,
I wait for you, your warm kisses.
I love you

This I dedicate to the love of my life

Davie Davi Babi

Davie,
I love you so much,
I love you with all my heart,
I shall never get over the feeling that I have so strongly for you.
I just keep thinking about what life would be like if I ever lost, how I'd spend the rest of my life wanting to get you back,
I think about how my life would never be complete without you in it.

Davie Davi Babi you are my world,
you are my strength.
You are the reason that I get up every morning
You are the reason that I want to live even if I am hiv+.
You and Kennie are the greatest things that have ever happened to me,
I just keep thinking of you and I am happy we did get married and did our vows even when I was with someone I was happy knowing you and I got married and and that person never knew that.

If you had died that night at the hospital when in coma I would of gone back in time to bring you back.
We've had our little arguements but we never got out of line.
It kills me to think you or I may die, If I die I pray you make it without me.

All I know and can think of is, that in the end we shall remaing together forever.
I know that you will be there for me when I need you the most.
You sit there and say 'You Trevi are the love of my life and so is our Kennie'.
You got that right.
I do love you more and more each day.
I love you more and more with every breath.
I take and with every smile I make.

I always think of how I do want to spend the rest of my life with you and Kennie.
I sit here everyday waiting to hear your voice and your laugh.
I know that Timmy was always jealous and envied you.
But he knew for a fact my heart belonged to you not him.
I won't ever love you any less
Babe I just want you to know that I love you and will forever,
Noone will be able to change that not even death cause in death we would

reunite once again and be in love forever in heaven should one of us three goes.

THis is dedicated to the love of my life David
