## trudy gordon(11-04-90)

ive been writing poems since i was about 10 years old and its become a hobbie of mine ever since i wrote my first poem. most of my poems are about love death and break ups but there are a few of them that are kind of randum and some that are kind of mythological but they are all really cool if you ask me. my other hobbies are playing football which i played for my high school football team for 7 years.i love hanging out with my friends and just talking about random stuff cuz thats what we do....i am a student at northlands jobcorps and everyone there knows who i am because i get along with everyone even if they are complete jerks to me but i dont care so wut ever

### \*\*\*3my Big Bro3\*\*\*

i miss my bro  
as i think of him my anger begins to grow  
i didnt want him to die  
now all i do is cry

i think of the day he had to leave  
and now i cant keep my head off my sleeve  
i want to go home to my dad  
cuz he is the only one that can keep me from being sad

i hate that my brother is gone  
now i cant sleep until dawn  
i want him to be here  
so i wont have to shed another tear

i hate that this happened to him  
now it seems like life begins to dim  
i no longer want to cry  
im just so depressed i want to die

i want to be with my brother again  
just chillin with him up in heaven  
i really hate that my brothers not here  
cuz all i do is shed a tear

i never again want that guy who killed my brother to see the light of day  
cuz he killed my best friend and made him go away  
i want him to sit and rot  
and i want him to be forgot

i hate that my brother left me alone  
cuz now my heart has turned to stone  
i just cant wait till the day i die  
cuz until i see my brother again all i will do is cry

### \*\*\*3the Rain3\*\*\*

i was sittin out side one day  
thinking of how it was such a sunny day  
then it began to rain  
and i began to feel alot of pain  
cuz i remembered how much you loved the rain  
i remember when we were younger we would always play in the rain  
i miss those days  
and i miss how you threw me in puddles...always...  
we had so much fun  
and now that youre gone that fun is done  
i remember when at us dad would yell  
for making a mess of all of my moms gel  
we would always get eachother into trouble  
now that youre gone it feels like im in a bubble  
and i cant get out  
so i begin to pout  
i hate that youre not here  
cuz all i do is shed a tear  
when ever it begins to rain  
i feel alot of pain  
because i miss you so much  
and i miss your gentle loving touch

dedicated to my loving brother Timothy James Gordon Jr.

## **\*blood Moon\***

When ever there is a blood moon something inside me comes out  
Something you wouldn't know anything about  
Something that has lied dormant for very long  
Something that is very big and very strong

This creature inside me changes me  
And it is very mean and over powers me  
I love the feeling of being so strong  
But I don't have any control and something may go wrong

I could end up seriously hurting you  
Or maybe even killing you  
I never know what might go wrong  
Just because this creature is very strong

It sucks not being able to know  
And when it comes out it won't be a show  
Because this creature hasn't killed in very long  
And because I'm so weak and he's so strong

This only happens when the blood moon comes out  
And its something I don't know too much about  
So when your around me be very careful  
Because this creature is very strong and very vengeful

## **\*my Love\***

My love is like an ocean  
It goes down so deep  
My love is like a rose  
Whose beauty you want to keep.

My love is like a river  
That will never end  
My love is like a dove  
With a beautiful message to send.

My love is like a song  
That goes on and on forever  
My love is like a prisoner  
It's to you that I surrender.

## : ` (Hurting Me) ` :

i need you here with me  
cuz withou you im not happy  
i love you so much  
and i long for your touch

i know at times it seems like im in love with someone else  
but i could never love anyone else  
especially not as much as i love you  
and you know that what im saying is true

i hate that youre not here  
cuz when i think of it i shed a tear  
i need you by my side  
so i wont have to feel as if i need to hide

with out you all i do is cry  
and sometimes i just want to die  
cuz i need you here with me

### 3 My Love 3

you are my one true love  
sent to me from god above  
you are always near  
and when you are i have nothing to fear

i love you with all my heart  
and i never want us to be apart  
i love that you are so good to me  
it just makes me feel like i am free

there are times i feel like i dont love you  
but thats only when you make me mad and my love begins to subdue  
i love you so much  
and i dont know what id do if i couldnt feel your touch

i love everything you are about  
in my heart there is no doubt  
that you are my one true love  
and you were sent to me from god above

## 3 Words,2 Hearts,1 Feeling,

what is 1 feeling  
that needs 2 hearts  
and 3 words?  
it is love

to say i love you  
to a family member  
lets them know  
that you will always be there for them and care for them

to say i love you  
to a friend  
lets them know  
that you always have their back

to say i love you  
to someone special in your life  
lets them know  
that you want to spend the rest of your life with them no matter what

that is the 1 feeling  
that needs 2 hearts  
and 3 words  
which are ' I Love You'

# A Dream Come True

feelings that once were hidden  
are now expressed to you.  
days that once were stormy  
are now the brightest blue.

times that once were lonely  
are now filled with pleasure.  
all that once was mine alone  
are now things we both treasure.

nights that once were cold  
are now comforting and warm.  
fears that once were very real  
are now gone with the storm.

a heart that once was broken  
can now finally mend.  
a person once alone in life  
can now call you a friend.

dreams that once were longed for  
are now all coming true.  
the love i once thought was gone  
i have now and forever in you.

# A Special World

A special world for you and me  
A special bond one cannot see  
It wraps us up in its cocoon  
And holds us fiercely in its womb.

Its fingers spread like fine spun gold  
Gently nestling us to the fold  
Like silken thread it holds us fast  
Bonds like this are meant to last.

And though at times a thread may break  
A new one forms in its wake  
To bind us closer and keep us strong  
In a special world, where we belong.

# A White Rose

The red rose whispers of passion,  
And the white rose breathes of love;  
O, the red rose is a falcon,  
And the white rose is a dove.  
But I send you a cream-white rosebud  
With a flush on its petal tips;  
For the love that is purest and sweetest  
Has a kiss of desire on the lips.

trudy gordon

# Ahhhhh

im going insane  
im feeling nothing but pain  
i need someone  
anyone

im in love with someone  
but i dont know who it could be anyone  
my heart is in 4 pieces not broken but split  
its like in the middle is a black hole or a pit

i dont really know  
im in love with 4 people but it doesnt show  
oh my god i need help from someone  
one of my girlfriends not just anyone

they can always calm me down  
and make me smile when i want to frown  
im going insane....uhhhh  
the last thing im going to say is.... ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

trudy gordon

# Anger

you make my so angry  
i feel like you hate me  
i want you to die  
because you always make me cry

as i talk to you my anger begins to grow  
and my love for you begins to slow  
i hate when you ignore me  
becasue thats when i get really angry

i hate when you act that way  
i get mad at you every day  
i dont know why i love you  
sometimes i just wish i would say that we're threw

i hate you more than anything  
take all your stuff especially this stupid ring  
i dont want to deal with this anymore  
why dont you just get out of my house walk through that door

trudy gordon

# As Long As You'Re Near

the first time we met, i could see  
that you and i, were ment to be.  
your eyes were so gentle, you smile so true,  
when you first held my hand, i just knew.

now the time has gone by, through laughter and tears,  
these days i shall cherish, for years upon years.  
those memories we have, shall never fade,  
for those are the steps, that we have made.

that was the past, the future is near,  
i anxiously wait, for what will appear.  
new homes, more laughter, and children so dear,  
everything will be wonderful, as long as you are near.

trudy gordon

# Bored

when i am bored  
i day dream  
im driving a ford  
and im back home on my football team

i hang out with my friends  
and i chill by a lake  
until the day ends  
i dont realize that it is all fake

when i am bored  
i day dream  
im part of an evil hoard  
becoming mad i begin to scream

taking over  
all the men  
taking cover  
in a den

i love when i get bored  
cuz it is so much fun  
if i wasnt bored  
i would never have much fun

# Can I Keep You?

lives are for living, i live for you.  
dreams are for dreaming, i dream of you.  
hearts are for beating, mine beats for you  
angels are for keeping, can i keep you?

# Coming Home...

how simple my life is now you are here,  
how i cherish each breath,  
how i crave the light and laughter you have brought me.  
i have fallen in love without taking a step,  
fallen into the sweetest of dreams,  
how i hope no one wakes me.  
the simplest gesture wraps itself around my heart,  
where i will hold it forever.

each time we say goodbye a part of me weeps,  
though i know it is not forever  
to my aching soul it is an eternity.  
i see my happiness shine in your eyes,  
every time you hold my hand my heart skips a beat.  
how sweet life is to be yours;  
how meaningless life is without you.

they know nothing of the loneliness before you  
nothing of the empty tears i cried day after day,  
how do you do it, i ask myself,  
how did you banish the fear, the darkness?  
you have made me see that nothing is that bad,  
that i am strong and worthy of happiness,  
you have saved me from myself.

everyday i wake up and smile to myself  
knowing you are waiting for me,  
knowing you cant wait to see me.  
how would i go on if you were not there to hold me up,  
to bless me with your love and light?  
how i am glad you have found me  
my life is now complete...  
i am home.

# Crazy

im going crazy  
im getting lazy  
i need something to do  
cuz im not with you

i need you by my side  
so i no longer need to hide  
i am feeling so alone  
even if i can talk to u on the phone

i need to be with you  
cuz when im not i am blue  
i love you so much  
i need to feel your touch

i want to be around you all the time  
i want you to be mine  
i just wish i wasnt so scared  
i really wished i cared

i want to know  
if i really love you so  
and i want to know  
if you really love me so

if you do then it doesnt show  
my feelings for you grow and grow  
well thats why i am going crazy  
cuz you drive me crazy

trudy gordon

# Dreams

i dream of your touch while you are away,  
i dream of your smile all through the day,  
i remember the day,  
you came into my life,  
i dream of the day i will be your wife.

i dream of the day i can fall asleep next to you,  
i dream of the day i can say i do,  
to be your wife,  
to be together for life,  
is a dream i have,  
every night

trudy gordon

# For The First Time

into my world  
of darkness and silence,  
you brought light and music

you lit my candle,  
i began to see and understand  
the taste and texture of love.

for the first time.

# Give Me Space

when i am around you, its like youre sufficating me  
sometimes i wish you would let me be  
i understand that you really like me  
but i dont like you and you are creepy

i dont mean to be so harsh  
but when you are around i feel like i am stuck in a marsh  
i dont want to make you cry  
but i dont like you and i dont like to lie

you are such a pest  
so why dont you give it a rest  
i dont like you always being around  
sometimes i just want to push you on the ground

i only like you as a friend  
so this folloing me stuff has to end  
you need to leave this place  
because you need to give me some space

laying quietly not making a peep

because when we're not together i only feel pain  
i want to be with only you

i dont feel the same way with others as i do when im with you  
when im with you i am happy and calm  
you hold my heart in your palm

# I Hate Not Being With You

i hate not being able to hold you in my arms  
and not being able to kiss you  
i hate not feeling you wrap me in your arms  
and not being able to give the same look to you

i hate that you only think of me as a friend  
and that it makes me feel like im not good enough  
i hate that our relationship had to end  
it might be easy for you but for me its tough

i hate not feeling your touch  
and not tasting your kiss  
i hate that i love you so much  
and that being with you is the only thing i will ever miss

# I Love You

just three little words  
don't seem like enough  
for someone whose smile  
still brightens my day,  
whose touch can make me forget  
the rest of the world.

they don't seem like enough  
for someone who's always been there  
to celebrate with me  
when everything goes my way  
and to hold my hand  
when my whole world seems to fall apart.

but even though 'I LOVE YOU'  
can't express the depth  
of my feelings for you.  
i hope you know what's in my heart.  
because loveing you  
means more to me  
than anything in the world  
and it always will.

## I Love You 2

i love you with a permanence  
that endures the passing years.  
i love you with joyfulness  
that subdues all doubts and fears.  
i love you with an honesty  
that was born within my heart.  
i love with the calm belief  
that we will never part  
i love you with a confidence  
no earthly force can sever.  
i love you with the certainty  
that ill cherish you forever.  
i love you with the humbleness  
of one who has been blessed.  
i love you with the reverence  
of all that word suggests.  
i love you with a fervor  
that time cannot reverse.  
i love you with the truest love  
that poets put to verse.

# I Will Be With You Again

there will come a day when i will  
get to see you again  
to be with you again  
and love you again

there will come a day when i will  
see all my family  
and be happy  
and have you with me

there will come a day when i will  
see all of my past friends  
when for me god sends  
but that wont be until my life ends

# I Will Love You Forever

I love you so deeply,  
I love you so much,

And the way that we touch.  
I love your warm smile  
And your kind, thoughtful way,  
The joy that you bring  
To my life every day.  
I love you today  
As I have from the start,  
And I'll love you forever  
With all of my heart

trudy gordon

# I Wish

i wish i could tell you how i feel  
i wish you would be real  
i wish i didnt care so much  
i wish i didnt want to feel you touch

i wish you werent so rude  
i wish my love for you will subdue  
i wish my heart didnt break  
i wish my heart wasnt something you could take

i wish you werent the one i love  
i wish you werent sent to me from god above  
i wish that you never came  
i wish that i wasnt the one to blame

trudy gordon

# It Is You I Dream Of

a flower grows from beneath a blanket  
of fine and purest white  
it reaches toward the sun for warmth  
for heat and for the light

my love for you grows stronger still  
despite the surrounding cold  
my heart is yours, bartered gone  
for yours has it been sold

its petals shine from morning dew  
its stem grows stiff and strong  
it stands strong through the freezing cold  
it stands the winter long

i long for you, for your soft touch  
i miss the way you smile  
the longer that we stay apart  
the longer every mile

the flower stretches through the snow  
it reaches toward the sun  
and now without you the color is gone  
the flower's petals, done

but as we talk, and as we learn  
the flower comes back to life  
the snow now melts and goes away  
as you take away my strife

spring is here and growth abounds  
as you and i are one  
we are together, we are in love  
the snow for now is done

i see the future, in dreams i have  
of our life, long and true  
i see the times where all i need  
are comforting words from you

i see the times when winter comes  
as winter tends to do  
but we still love, and we still live  
and i do still love you

# Its All About You

every thing i do is all about you  
you are my life and i think im in love with you  
at breakfast lunch and dinner im with you

i hate not being around you  
because when im not im so blue

i love that youre always there  
even if you really dont want to be there  
i love youre smile  
even if its only there for a little while

i love the way you care  
and i love the way you stare  
you are the best guy  
and when youre not around all i do is cry

i hate being away from you  
because i am so blue  
it seems kind of creepy i know  
but i really love you and that all i know how to show

# Just One Wish

If I could have just one wish,  
I would wish to wake up everyday  
to the sound of your breath on my neck,  
the warmth of your lips on my cheek,  
the touch of your fingers on my skin,  
and the feel of your heart beating with mine...  
Knowing that I could never find that feeling  
with anyone other than you.

trudy gordon

# Love

Love is like a lump of gold,  
Hard to get, and hard to hold.  
Of all the girls I've ever met,  
You're the one I can't forget.  
I do believe that God above,  
Created you for me to love.  
He chose you from all the rest,  
Because he knew I would love you best.

trudy gordon

# Love Is...

Love Is...

Love is the greatest feeling,  
Love is like a play,  
Love is what I feel for you,  
Each and every day,  
Love is like a smile,  
Love is like a song,  
Love is a great emotion,  
That keeps us going strong,  
I love you with my heart,  
My body and my soul,  
I love the way I keep loving,  
Like a love I can't control,  
So remember when your eyes meet mine,  
I love you with all my heart,  
And I have poured my entire soul into you,  
Right from the very start.

# Motionless

if time could stand still, id freeze it here,  
so youd always hold me, close and near.  
in your arms, is where im ment to be,  
filled with the perfect love you've fiven me

a bond so strong, a hold so tight,  
to know you're the one; my ".  
a blessing sent from up above,  
in you i've found my one true love.

our lives entwined to be as one,  
upon this journey we've just begun.  
where you and i will find no less,  
than eternal lve and happiness.

# My Heart

My heart was here  
But now is gone  
I wish I didn't have to shed a tear  
But I have to until dawn

I wish I knew where my heart was  
But I don't know  
I don't want to show you my love because  
My love doesn't want to be shown

I hate being here  
Because I don't have a heart  
And I shed a tear  
Because we are apart

I love you so much  
But I don't want it to show  
Because I can never again feel your touch  
This you already know

I hate that you're gone  
Because you are my one true love  
And now I cry until dawn  
Because you are up in heaven with god above

# My Love And Hate Of You

i love the way you care  
i hate the way you stare  
i love that youre always happy  
i hate the way you treat me

i love the way youre always around  
i hate the way you broke my heart and threw it on the ground  
i love the way when im with you im happy when i cry  
i hate that youre not with me and i just want to die

# My Promise To You

i promise you i will never hurt you  
i promise you i will never leave you  
i promise you i will always care  
i promise you i will always be there  
i promise you i will to never cheat on you  
i promise you i will always be true  
i promise you i will always be by your side  
i promise you i will not run and hide  
i promise you i will help you through  
i promise you i will never ever stop loving you

# My Sweetheart

so often when i am embracing you,  
it seems that you exist in this world  
only because of me and i exist because of you.

its not easy to wander in this world  
and not lose ones way,  
but the greatest happiness of all  
is in giving joy to ones beloved.

and if the queen can have her throne,  
and if the bird can have her spring nest,  
and god can have his heaven,  
then i, my sweetheart, i can have you!

# One Year Of Happiness

one year of holding hands  
one year of hugging  
one year of laughing  
one year of cuddling

one year of loveing  
one year of kissing  
one year of touching  
one year of romancing

one year of your love  
one year of my love  
one year of our love  
one year of true love

baby one year with you  
is a year of happiness  
a year of passion  
a year of joy

# Red Rose

our love is that of a red rose  
whose splendor rises as the sun shows its face  
whose petals expand further and richer  
whispering secrets of happiness and affection.

and even though with the fall of dusk  
all contentment is swept away,  
and the rose's petals unite as one  
reflecting any light that may endeavor to shine through  
the sun will always rise  
and the rose's petals will eternally broaden  
until they fully blossom into a stunning creation.

our love is that of a red rose  
possessing a few imperfections  
that may cause evanescent wounds,  
but the internal radiance  
that will everlastingly bestow healing and comfort.

# School

i hate this stupid school  
it is so not cool  
i am getting so bored  
i just want to strangle myself with a cord

i hate this stupid stuff  
it is not hard enough  
i just want to play football  
and get into the fame hall

i hate the teachers  
they seem like such preachers  
they dont even know how to teach  
i just want it to be summer so i can go to the beach

i am going insane  
this stuff is so lame  
forget this school  
im going home and swimming in my pool

# The Golden Path

take my hand this way we'll go,  
said the man above,  
i'll take you to a place of joy,  
where you will find true love,

if you let go, go on your own,  
but mistakes you will make,  
for many other ways there are,  
which you are sure to take,

when you feel that you are lost,  
all you have to do is pray,  
and i'll be there once again,  
to help you on your way,

i did pray and just as said,  
he shined his light from above,  
that showed me the way down the golden path,  
that led me to your love.

# Thinking Of You

at night when im sitting in my room  
and looking out the widow staring at the moon  
im thinking of you  
thinking of how im not with you and im so blue

when im haning out with my friends  
just talking about stuff before the day ends  
im thinking of you  
thinking of how much i love you

when im sitting in the sun  
and not having any fun  
im thinking no matter what i do  
i can never stop loving you

when im sitting in the dark  
and i see you, in my eyes there is a spark  
i think of how i messed things up with you  
and i think that no matter who im with, unless im with you i will be blue

# This Is How I Feel

i really want to be yours  
but it seems like im walking through all these locked doors  
i want to be more than just your freind  
and i dont want that to end

i want you to know how i feel  
and i want to show you that it is real  
i know you really dont want to stay here  
but loosing you is my only fear

i dont see why you wont stay  
you're going to get your GED and go away  
i care about you with all my heart  
and thats how its been since the start

i really do like you  
and i dont want to loose you  
i cant believe this feeling is real  
but thats really how i feel

# Tin Man By Kenny Chesney 'This Is My Favorite Song When Im Sad'

(kenny chesney/stacey slate/david lowe)

Saw a man in the movies that didn't have a heart  
How I wish I could give him mine  
Then I wouldn't have to feel it breaking all apart  
And this emptiness inside would suit me fine

It's times like these  
I wish I were a tin man  
You could hurt me all you wanted  
And I'd never even know  
I'd give anything just to be the tin man  
And I wouldn't have a heart and I wouldn't need a soul

I couldn't see your leavin' comin'  
You took me by surprise  
Even now it still seems like a dream  
But I know I can't be dreamin'  
'cause as I lay down each night  
The pain so great that it won't let me sleep

It's times like these  
I wish I were a tin man  
You could hurt me all you wanted  
And I'd never even know  
I'd give anything just to be the tin man  
And I wouldn't have a heart and I wouldn't need a soul  
Well I'd give anything just to be the tin man  
And I wouldn't have a heart and I wouldn't miss you so

by kenny chesney my favorite singer i love this song so much

# What Do I Love About You?

what do i love about you?  
well first i love that your love is true.  
i love that you are always there,  
i love that me crying is something you cant bare.

i love that you make me smile,  
and that you will be with me for awhile.  
i love that when youre near i am glad,  
and that you hate to see me sad.

i love that you always care,  
and even when youre mad you are there.  
i love that you make me happy,  
and in your arms is where i want to be.

i love the way you keep me safe,  
and i know i will always be safe.  
i love the way you tell me you love me,  
and how much you mean to me.

i love the way you pick me up when i am down,  
and the way you make me smile when i want to frown.  
but most of all i love the way that i love you,  
and the way that i know that you love me too.

# What I Love About You

I love the way you look at me,  
Your eyes so bright and blue.  
I love the way you kiss me,  
Your lips so soft and smooth.

I love the way you make me so happy,  
And the ways you show you care.  
I love the way you say, 'I Love You, '  
And the way you're always there.

I love the way you touch me,  
Always sending chills down my spine.  
I love that you are with me,  
And glad that you are mine.

trudy gordon

# What I Love About You...

the sparkle in your eye,  
the warmth of your skin.  
your breath on my neck,  
that quivers within.

the touch of your hand,  
the smell of your hair.  
the kindness in your smile,  
that strength in you stare.

your kiss on my lips,  
your body near mine.  
the stroke of your touch,  
that feeling inside.

the sound of your voice,  
compassion in your embrace.  
the serenity in your stride,  
the power in your face.

the calming of your presence,  
the beating of your heart.  
the promise of tomorrow,  
that we may never part.

the beauty of your kiss,  
and that magic in you touch.  
it is for all these reasons and more,  
why i love you so much.

# When Im With You

when I'm with you i am glad  
when I'm not i am sad  
when I'm with you i always smile  
when I'm not the smile goes away for a little while

when I'm with you my heart is warm  
when I'm not its like my heart created a storm  
when I'm with you i feel love  
when I'm not it feels like I've been killed by god above

when I'm with you i feel strong  
when I'm not my strength is gone  
when I'm with you i know i like you  
but I'm not with you and i want you to know that my feelings are true

when i am with you i am so happy  
with you is where i want to be  
when i am with you all i do is smile

hoping that one day i will be your wife  
when i am with you i am never sad  
adn if you stay with me i will always be glad

when i am with you i never cry  
and if i didnt have you i would probably die  
when i am with you people are always talking  
you shouldnt listen, you should just keep walking

when i am with you, people tell you a bunch of rumors

when i am with you, you make me think you think they are true  
but what you should know is that no matter what I LOVE YOU!

and when im not the growing begins to slow  
when im with you nothing can make me cry  
adn when im not i feel like im going to die

when im with you i am always glad  
and when im not i become very sad  
when im with you i am kind

# When We Danced

soft gentle stare  
warm tender touch  
you took my hand  
and we danced

arms around me  
light dragging moves  
cheek warm against mine  
breathing deep from the soul

long have i searched  
finally i have found  
when you took my hand  
and we danced

# Without You All I Do Is Cry

as im lying here im beginning to cry  
as i think of the last time we said goodbye  
when i think of you i am very sad  
even though when we talk i seem to be mad

when i think of you i cant help but cry  
when im not near you i just want to die  
id love for you to hear me say  
'i love you more and more each day'

when i see you and you pass me by  
withut a single tear in your eye  
i begin to cry  
and i feel so bad that i just want to die

when im not with you  
my sky is grey in stead of blue  
which makes me let out a sigh  
and then all i do is cry

# Without You Here

what am i supposed to do  
without you here i am becoming blue

but without you i am becoming sad

without you here my body begins to ache  
and when i think of you my heart begins to break  
without you here i cant sleep  
because you still have my heart and its yours to forever keep

without you here for me life is hard  
its like playing poker and being delt the wrong card  
i hate that youre not here with me
