A Hug

you may think hugs are dumb
you may think hugs mean nothing
but to me a hug is showing love
you may think hugs are crazy
you may think im nuts
you may be wondering why we hug
you may be wondering why i hug
you but for one thing i love hugging u
like i said u may think hugs are dumb
u may think hugs are stupid
but to me a hug is showing love
now u see what it means
now u love hugging me

Me And The Stars! !

As I sit in my window starrng at the stars i think of many things like my day, my friends, my family.I wonder what will happen on the next day will it be hard, easy, painful I don't know only god. I pray that nothing bad will happen I pray it will be easy I pray there will be peace.I wonder what my friends think of me what they really think. I want no secrets or what i like to say no lies truth from now on and I say hope hope that me and you will have peace that means for we could talk, hang out and have are breaking apart it was just like yesterday when i just meet you we where so then u meet new people then i statred slipping away so im asking you to help me and let us be tight once that is what i think of in my window while looking at the stars at night.

Slip Away! ! ! ! !

Everyday it is a different story sometimes it will go on forever or stay the same. I hope things will go back to normal when we were tight and there was peace since you meet new people I started slipping each day I slip away more and more then by next week we don't talk. I feel like it was just yesterday when I just meet you I was your first friend I was there for you I made you feel welcome. I made you laugh you made new friends than I slipped next week you meet new friends then I slipped away months later you got a new boyfriend then you and boyfriend were tight and same with your other friends expect might not see it that I'm slipping away or about not to be friends I'm slipping away you got to save my life before I'm gone forever so save me before I slip away save our friendship.

We Should Not Lie! ! !

We should not lie it is not a good thing. I lied once it made me lose a great friend you should also not keep secrets. My cousin says if you want to be a true friend you got to tell them everything that is what friends do. I kept one stupid secret and I lost my friend. I did one little lie and I lost a great friend I kept saying sorry she says what do you think by saying sorry everything is going to be okay no it is not gonna work like that. I said well im so sorry i say sorry to you she left I was so upset because I lost one of my best friends we never talked since then i was the girl who sit alone at the lunch that was all in the past now im in seventh grade and I have more friend than ever before now i learned my lesson we should never lie and tell you'r friends some secrets no secrets that could be to personal or if it is about them.
