# Cosmic Tramp

twilight vaccum's grey  
between night and day  
under acid ray  
surconsciousness  
or relative confidence

bed of limbo  
first lullaby's word  
as last blank say  
cage of tempo  
symbolic soundtrack's  
inner visual wave

# Diem Performance

(act2)

'mullholand lake'

Over river i rise upon  
body of pedal boat  
that is broken on the stone  
without any goal  
my disturbed carcass among  
boat inside circle tunnel  
or down of waterfall's mouth  
on the stones in impenetrable forest

During the mental disturbance  
against dark horizons  
about misty immense world  
to calm sky to take rest  
to try to find a shelter  
again explorer of emptiness  
above celestial earth verse  
to avoid arrest,

My closed eye  
is able to sight  
your spark of light  
in a pedal boat to ride  
on mulholland drive.

# Dying Lovely Present Time

Grey light in my heart  
holds me hopeful to survive  
I'm iced but i have  
fire of love inside

it's dying but i was  
born in love 'n' eternity  
till the end of candle's life  
immortal fire in my heart,

will be alive  
with the pleasures  
of serenity...  
till the end of candle's life  
mortal fire in my heart  
...

# Emotionalizers Whirlwind

Thy readymade painting has been  
already ready for all  
Again to be re-made as collage  
and flowing rain at mirage  
Through [? ] of the brain's  
turning remain in chaos  
Where a whirlwind is supposed  
to cruelly contain us  
It will ask you in whisper  
to lose or to gain boss?

# Incarnation Of Lover(S\_P)

II

madcap emotion on beauty zen of anti-mind food  
Norillmal mood, forillmal firewood  
a supernice, forbidden holy fruit?  
Watercloudyshade guides  
clever kind, gentle rude?  
Empty carismatic cast  
romantic sfumato root?  
so may love is devotion of lordiem Goddess nude

# Motionless Flight

The best soundtrack that ever heard  
which anyone may depart  
by its own dramatic lyric  
along it...  
with no word  
almost a harmonic silence chord...

I

Song of Depart and eternity  
you display imaginal journey

# Self-Advise

Lose memories, forget goal  
Detach the mask ignore any role,

You have seen vicious circle to all  
Whatever's happened out control,

Paint it blank, leave this blank  
No shadow reflects upon the wall

Without a lightning at blackhole,  
So neither guilt nor playing right

Could be insured for human's pride  
Or beauty as massive anxious dreams

During historynightmare's guide  
Although stream of walkers night,

With complicated good and evil  
Through the ill awareness tide.

# Single Forever On The Way

so be thy awake blind owl  
for cry that is laugh of the soul  
her lotus wine emptiness tears  
inside the cold forest fears  
at night in glance unit whole  
romance of history's goal  
just shadow of a surreal girl  
got lost but worthful to wait  
not return by permanent mate  
what godot is delirious girl  
may save me as goddess whirl  
the way for solid seductive trail
