Alone In The Dark

so cold,
so numb,
no feeling,
that's me

no talking,
not a sound
everyone quiet,
that's how i like it

i sit alone,
for my room is dark,
no one bugs me
yes total darkness and silence

then all os a sudden,
BOOM, CRASH,
i jump up to see
and to come out of the dark,

my eyes, oh my eyes,
the light burns them so
so bright,
to bright

i get used to the light,
i then see i'm not really.....
alone in this place,
people love me

so now i'm not..
so cold,
so numb,
i have feeling,
i don't dwell in the dark

Blade

when my life
gets to much
i turn to
the knife,

when my life
screams out
for help i
silence it with
the blade

one swipe
no that is
not enough
for my pain
to go away

i dig the
blade deeper
and deeper
into my arm
with each and
every swipe
things become
better

oh how my
wrist hurts so
good, yes
now i have
once again
silenced the
screams of
my life
falling apart

Dreams

At night
i close
my eyes

and drift
off to
a wonderful
dream land

my dreams
are filled
with sweet
images of
my friend,

in my
dreams i
see her,
she is
so happy,

she is
not hurting
any more
she is
at peace
with what
went wrong

when i
dream at
night i
don't want
to wake
up and
face the
fact of
it was
just a

dream

Eyes Full Of Hate

Eyes full of hate
blood dripping from
my mouth

what have i become
i lick your warm,
sweet blood from
my lips

a deep red stream
flows from your neck
i lean in for one
more taste

i swear this wont
hurt a bit
i titlt your head
back and sink
my teeth into your
neck letting your
warm, sweet blood
trickel into my mouth

once again
eyes full of hate
blood dripping
from my mouth

Fire In The Eyes

Her eyes fixed on mine
our hearts beat at the same rate
i feel her there,
our lips touch
and fire works fly,
oh how i love the taste
of your sweet kiss

my body is one with hers
no time,
to think
yes this is it
we are now one

once again,
her eyes fixed on mine
our hearts beat as one

From The Wise

One day at a time,
something my grandpa
used to tell me
when things get to hard
just open your eyes
and see behond

He tought me that
there is nothing
that a little
will power wont help

my grandpa was a smart man
he always had
something to say
about a problem

when you went to him
he never turned you down
be ready for an earful
he always had something
to say about everythng

I Hate Myself

I hate myself
I look in the mirror and start to cry
All I can see are the bad things I've done
People always tell me my faults
People keep their distance from me
They talk behind my back
I'm not perfect
I'm not even close
I'm barely human
My problems are deeper than anyone can see
Yet still, to them, I am disgusting
Alcoholic
Over emotional
Full of hatred
It's all inside me
I bite my lip and hide
I scare people with my outsides
How would you feel if I let you inside?
I am trash
I'm yours when you want me
Invisible when you don't
Few have loved me
The ones who did ran away bleeding
I smile on the outside
Though I wish you were dead
I want you to suffer
Just like me
I wish someone knew
But no one cares
They just pretend
And so do I
I pretend to be happy
If you try and get close
I'll push you away
No one deserves to feel the way I do
I refuse to punish you
Beat me
Scream at me
Punish me

Hate me
Just stay away from my heart
It can't handle your abuse
I'll pretend to be happy
You think you know me so well
I wish you could understand
I hate myself

I'M Not

When 'm alone in
the dark
i'm happy
when it is
silent i feel better

Is that wrong,
i know some
people think i'm
no right
but i work
better when
things are
dark and silent

Just because
i love the dark
and the silence
does not make
me EMO

Katie

There is this girl,
she is so sweet,
she is so kind
she takes the time to help others,
not to much can go wrong,
she is always there
she has always cared.

When i'm down,
she helps me not frown,
when she is around,
there is never a dull moment
she always makes me laugh

She knows everything about me
and i know everything about her
there is nothing we don't share
we were so close
people asked if we were sisters

Well she fell ill and went into the hosptail
i was by her side day in and day out
we all knew she didn't have long, she was very sick
she passed away about a three weeks ago
oh how i miss her so much

this girl i talk about
so subtle and true
she is my best friend
through and through

Missing Her

I lay awake at night,
just thinking,
my head swimming,

I need to clear my head,
so many thoughts run through my head,
some happy like hanging with my friends
some sad, like my friends going away forever....

Right now mainly sad thought are in my head,
i miss her so,
she left me here,
a silent tear,
falls forever inside a broken heart,

Damn cancer to hell,
i wish i could make it go away,
cancer took my best friend
all i think about is her

My head is full of thoughts of her,
her smile, so pretty and warm,
her laugh, so friendly and cute,
her pretty green eyes,
every time i looked into them i would get lost,
her blonde hair so long and golden,

I miss my Katie so much,
i think of her all the time
i wish she was still here
i know that one day i shall
see her again,
but for now i know she will be,
waiting for me at the gates of heaven

My Best Friend

when my life falls
apart, there is one
person that i know
i can trust my life
too, when i need a
person to talk to,
i turn to joe,
when i need to
tell what is on my
mind, i know i can
pick up the phone and
just spill my guts to
him, he has always
been the one that
has calmed me down,
he always had the
best ideas to calm me
down, i know i can
talk to him about anything
and i know he
will never tell anyone
i love joe he is totaly
awsome he is my best best
friend and brother
he is the best and i
thank him for everything he
has done for me

My Family

There are many people,
in my life that mean
so much to me! !

I could sit here
and name them
off one by one
but then we
would be here
for a long time

So i'm giving
thanks to my
family for always
being there for
me no matter
what, being there
through thick
and thin

I love my family
they are the best
thank you for
being the best

My Lover

there is this
guy i know
so sweet,
so kind,
oh how
he loves me so
his touch,
like handling
a baby
his love
like a mothers,
kiss oh his kiss
like a sweet rain
He looks at me
he knows everything
about me,
When i am up set,
he is so fast,
to come to
my aid
he is the one
that protects
my heart from
pain, and breaking
He helps me
love again
My Knight
in shining Amor
oh how
i love you so
for tom you are my knight! !

My Mother

i don't know
where to turn,
my head is so full
i feel like everyone
has turned against
me, and what i am,
my mother has turned
on me for reasons
i don't know
she acts like i'm
not even there
she talks as
if i'm not in
the room, she treats
me like crap, plays
with my mind
i really cant stand
to be around her
i gotta get out
from under her
roof, she needs to
see that i'm not
going to let her
boss me around
she needs to see
that i'm not
the little girl
she treats me like
she needs to stop
messaging with my
head, i'm not gonna
take anymore

One Night

on a stormy night,
the lights went out,
i'm all alone in
this house,
oh my what was,
that noise,
a dark shadow,
runs around the room,
i look harder and,
see a black cat,
my heart starts,
pounding and,
i calm down,
just a black
cat

veronica jewell

School

As i sit
alone in this
room i see
everyone sitting
so nice
i slouch
the teacher
yells at me
to sit up
and look
at the
teacher,
i fall
aslep later,
oh my
yells the
teacher
wake up
right now
i just
sleep the
class away! !

Snow

So cold,
so wet,
pretty to look at
never one the same,
fun to play in
crunches under feet
glissins like dimonds in the sun
fun to catch on your tongue
but then spring comes
and the snow goes into hidding
until next winter

The Creepy

Everyone knows it there
it lurcks in every corner
at times it is invisible
some people are scared of it.

most of the time you
stare at it in the face
and never know it
day in day out
it watches you
waiting for the right time

the right time to take you
take you, make you its next victim
when it wants you
for its next victim
there will be no sign, no pain

just one swift move
and it is all over.

Things

Things don't wanna work
why is that?
i take and tinker and play but,
no matter how hard i try
things just don't wanna work,
push this button, touch this screen
nothing, just a blank screen staring back at me,
maybe if i push this one,
oh yes that's it, the power
now we getting some where,
yes, things are working,
now i can work my computer

Why

why hurt

why the fears
why oh why

i wanna know why
why i love you so
