# Breaking Up With Anne

Like every moment the rain falls,  
It would surely calm down,  
Like every wallowing echoes call,  
It would surely mellows down

Like every painful ends of goodbye  
It would surely ease down  
Like every tears caused by sad lie  
It would surely dry down

The harsh truth of letting go  
Caused so much pain inside  
The aching heart caused by sorrow  
Needs true love to subside

# Fulfilled Kate

How glad it would be  
When true love finds its way  
Settling all issues aside  
Forgetting all miseries & cries

Now that it has come to end  
All fears and some uncertain  
Starting a new life together  
To love each other `til forever

May love and peace reigns  
In the hearts and home as you begin  
Living together not two but one  
And be the best wife to your man

Congratulations my dear,  
Love your husband forever  
Your life will now start anew  
But promise I still be a friend to you....

# Loving And Letting Go

Falling in love the sweetest feeling one could be  
The world is bright and life is so light and dandy  
There's a certain glow in one's eyes and everything is so easy

When you're in love,  
You don't seem to care for the if's and but's  
You try to deny the deficiency of your sweetheart

You wish the love would last forever.  
Yet the risk of falling in love is always there  
Part of loving is getting hurt  
And part of getting hurt is letting go.

# Loving Him

I told him how much I love him  
I told him how much I care  
We cried and hug each other  
The time I feel his love is oh so tender

I never meant to hurt him  
I was carried away by my emotions  
I hit him hard and hurt his feelings  
Yet I hurt more everytime I call him names

I'm so down knowing I hurt  
I couldn't help but tell him how I feel  
That I love him so much  
just as I love her sisters, SanChai and Chielo  
And to my son Jasper I love him too
