Alone...

Alone...

I was when woke up in morning...

To greet the sunshine with great pleasure...

Alone...

I was lazing around the bed...

Wondering where to start my day...

Just enjoying the silence

Thinking about my loved ones...

I just let my mind to ponder about

What they'll be doing at the moment...

Alone...

I started to miss them...

Yearned for a warm hug...

Alone...

I got rid of all the emotions...

Made myself cheerful to navigate through the day...

I watched the idiot box for hours...

Trying to entertain myself...

But nothing beats the joy and leisure

Of reading a nice novel whilst listening to music...

That's how I spent the day...

And surprisingly

Without talking to anyone for the whole day...

Alone...

I enjoyed the loneliness...

Gave time to pamper myself...

Alone...

Birthday...

It's a magical day...

Everything turns out to be wonderful...

Birthday...

Is a day when u made thru into this beautiful world...

Joining the rhythm of the heart beats...

Bringing joy to the people around...

You feel as though sun shines for U

Birds will be singing...

Mobile phones will be ringing and beeping...

Just to bring wishes from the loved ones...

All the well wishes make your day marvelous...

Many will be pampering yourself with gifts and wishes...

Candles were blown after wishes...

On birthday,

People remind you

how special you are...

And how much you've thought about...

May you will be showered will love...

Blessed with health and wealth...

Happy Birthday! ! !

especially dedicated to my beloved sister...

Graduation Day

Graduation day
Is a long awaited day
For both parents and the graduate

Graduation day
Is a day of dream come true
The dream of parents since the child has born.

The joy and the pride
The parents feelings would be wordless.
All their effort to provide their children
With the best has been successfully
Fulfilled and paid off.

It is a climax day of a graduate
All the faces will be bright with smiles
Hands will be holding tissues
To wipe away
Tears of joy will be flowing

The graduate will be showered
With bouquets of flowers
Well wishes and best wishes
A day to be remembered now and then.

Love...Joy...Pain

Love...

The word itself brings lots of joy...

Love...

gives us energy...

Impossible ones become possible.

Supports us through our difficult time...

Coax us...

Cuddles us to comfort...

On the contrary,

Love also makes the little heart of us to weep...

It squeezes out all the energy...

makes us wonder

Why...Why...Why...

However...

deep inside the little heart...

the hope to have a joyous love...

always glow...

Let us sprinkle the joy of love all over...

Love is always for better..

Add some flavour to enrich the love...

Mom

Mom, mummy, mama, amma
Are words of simplicity
For me, amma, is the magic word
That comforts, consoles, heals
Protects and encourages and inspires

Ma, we are the hearts beating together
In the wonder of the universe
Ma, you are so gentle, yet very strong
The many ways you show your care
Makes me feel I belong, always

Ma, you had rules
And I learned that when I obeyed them
My life was simpler, better, richer

Ma, you are the guiding light of my life
Enriching my life in so many ways
You set me straight and set me free

Ma, you are the heart of our home
Your love is so pure and warm
That made home sweet home

Ma, thank you and love you dearly

The Marriage Of Dawn

Dawn dressed in darkness
Welcomes the lights of wedding
The day two hearts joining together
Two souls joining together
Bound by love.

A wedding is the entrance to a marriage
Stepping from a fairy tale carriage
Into quite ordinary air.
The realization comes,
Life is a beautiful dance
Requiring intense coordination.

The hearts are beating
Slightly faster than others,
Nervousness seeps through
For both the groom and the bride
Awaiting the great moment
Two selves, one life; two notes, one harmony
Loving not just one, but both of you.

Friends and family
Joined together
In the wedding bliss
To wish them love
To wish them happiness
To wish them great future together.

We wish them to find
Joy is in the simple things
Touching, embracing,
Like coming home knowing,
When your eyes meet and no words need to be said.

They already knew
Long before the sound of wedding bells
Love for each other till the very end
Still, we wish them love for each other till the very end.

So, let us listen to the sound of wedding bells
And join in the rhythm of joy
In the celebration of love.

Woman

Woman,
As a mother,
As a daughter,
As a sister,

And many more other roles,
She plays in the drama of the world,
Woman,
Is a pearl,

Unique, delicate with the shimmering pride,
Strongly will-powered although in a bad weather,
She is the charwoman and great homemaker,
Woman,

She is like an aspirin,
Render us a shoulder to cry on,
Always will be there when needed,
Her smile makes the world joyful and wonderful,

She is a handkerchief,
To wipe off all our tears and sorrows,
Simultaneously, a great corporate,
Stays victorious in all her deeds,
Woman,

Simply great.
