~! Unfinished! ~

This feeling that won't go away!
A feeling of guilt and hurt

I am guilty of not spending enough
Time with you and to let you slip away
From me slowly but surly

I am hurt because
You left my life with no
Goodbyes no I love you's

To know all your dreams
Will never become and wishes left
Unfulfilled

There's no other way to say it
You left this world with an
Unfinished life

I try so hard to try to
Measure up to what you once were
But it's just so hard

This feeling that won't go away!

Katrina Thompson

A Time When I Loved You

that thing called love, im not
sure you know just what that is
yea you said it, but maybe with no meaning

i will never know
do you understand how im feeling?
there was a time i loved you, until

you broke my heart

Katrina Thompson

Best Friend

To the park, to the mall, lets just be best friends over all
Spend summer days, chatting about our dream vaction

Here together, we've gotten closer in this location
If I'm not hearing you or seeing you I'm blue ig you only knew

Sometimes things come up and we can't be there for one another
Things you may not understand I'll be there to give you a hand

When we fight, we always make up because you and I both know we don't want
to loose each other
We'll be there to the end your always
Here for me friend

Katrina Thompson

Can'T Sl33p!

Alone in my bed, I can't sleep
I need you so badly

□

I got to get you in my arms cause
Without you I can't sleep

I don't know what it is about you
But boy you got me twisted

I try to close my eyes and dream
You're by my side holding me tight

But it's not the same as you being here!
Please make my life right

Katrina Thompson

Dreams Are Real! !

All you have to do is just believe
DREAMS ARE REAL
awake out of your sleep what you feel is real
wonder what you'll be later in life
all you got to do is dream
only because everything is what it seems
all you have to do is just believe
DREAMS ARE REAL!

Katrina Thompson

I Have To Say Good Bye

you've continued to hurt me, but because you said I love you, I believed it was just what was supposed to happen

now I know that you were very wrong, and that you never loved me

my feelings for you continued to grow, can't you see?

you said you never wanted it to end this way

well yesterday was the last day I let you hurt me

you told me you loved me and I believed you only because I wanted someone to love me for who I am, but as time went on, I learned you tried to change me

and I wasn't having that

as a matter of fact you said you couldn't stand looking at me when I was happy

you've continued to hurt me, but because you said I love you, I believed it was just what was supposed to happen

now I know that you were very wrong, and that you never loved me

my feelings for you continued to grow, can't you see?

but none of those feelings for you exist anymore

good bye

you won't hurt me anymore

Katrina Thompson

If Heaven Has A Number

I pick up the phone, dial 0 for the operator
And ask if heaven has a number

Does heaven have a number because I need to speak to God to ask For his
forgiveness?

Does heaven have a number, because I need to speak with my aunt To ask her
does she feel better?

Does heaven have a number, because I need to speak with my aunt
To tell her I love her?

Does heaven have a number, because I need to speak with my aunt
To know if I will be accepted
As one of God's children?

Does heaven have a number, this at last I need to know because, I Need
someone in my life who cares, who loves me for me, like my aunt
Did, because I am all alone on this big Earth

So.....

Does heaven have a number?

Katrina Thompson

In My Mind

In my mind i want that weird feeling to
go away
But in my mind i don't ever want you to
go away

Please stay, stay awhile, lets make
this work
I don't want to be hurt again

But im ready to love again
In my mind i want that weird feeling to
go away

But in my mind i dont ever want you to
go away

Katrina Thompson

It's The...

When you look deep in my eyes and
Tell me you love me and deep in my
Heart I know you mean it

It's the way you say I love you

When you hear in my voice
Something's not right you're concerned

It's the way you care

When your friends tell you things
That are untrue you believe me over them

It's the way you trust me

When you kiss me lightly
And hug me tightly to assure me that
You're in love with me

It's the way you love me

Katrina Thompson

Need To Know

why did you go? where did you go
I need to know

it hurts like a person stabbing my heart
not to know

I've told myself I'm not going to live
unhappy, you'd want me to be happy

my tears have long over-flown
while I tell myself you should've
known

known thst she's a bad person
but no pointing fingers
anymore

why couldn't you've called me,
and asked me to come hang out
I need to know

I ache inside like never before but
I will cry no more

knowing your in heaven

Katrina Thompson

Never Been Before

My heart is in a place it's never been before
It's always been in a place that was sore

Not this time and you made sure of that
Scared to let you in my heart, things were slow for a while

From then on, I knew it was your number I could always dial
My heart is in a place it's never been before

Because you love me back
Nothing we will lack, just keep loving me

Katrina Thompson

Over You

you hurt me deeply
you went behind my back secretly
IM OVER YOU
you lie and told me you loved me

can't you see
IM OVER YOU
i won't say everything i've ever shared with you
meant nothing, but sometimes i wish i

could turn back the hands of time
you said i was a dime
then what were those other girls?
IM OVER YOU

Katrina Thompson

Sunset

the sun has set, the love has grown
and your spirit has awoken

your passing has made me
realize that we never miss our
water till the well goes dry

all i could say was why

you've done so much for me and
i just want to thank you

for everything you do

missing or remembering you
isn't a problem

it's wondering why

i've learned the answer to why

because you were hurt
deeply, physically, & emotional

i feel secure that you are in heaven unharmed

but incomplete inside cause
you've gone farway

Katrina Thompson

The Little Things

I wake up and think of him
His smile, his light brown eyes
The little things that make me love him
The way he glances at me when he wants
to know what I'm thinking
The way he stares at me then tells me he loves me
The little things that make me love him
I go to sleep and think of him
The little things that make me love him

Katrina Thompson

To The Gates

so sweet and valuable to many
left with no goodbyes...any

in our dreams you will always be
we were once blind of thee, because of
you now we see

maybe no longer present but in our
mind & soul your always there
you who always cared

though we shall only see you
in our dreams we know you
needed to go

refusal when you get to the gates
shall escape dont say no
just go

he needs you, you've already
been of great help, friendships, love
all of the above to us

so while we wipe the tears
from our eyes take your love
and help another

because in you we trust
in heaven you must

sooner or later we will
see you in heaven we
will when the lord calls upon us

but for now we must wait
pray for only good to happen
we'll see for only when
the gates open

Told Me

daddy told me mommy's gone
Mommy told me she'd always be here
what happened?

i remember daddy and mommy always
yelling and being mad
it made me sad

daddy told me mommy's gone
mommy told me she'd always be here
what happened?

is she gone because i was bad? i ask
daddy says no but i dont believe him
he says she was sick, yeah sick of me

daddy told me mommy's gone
mommy told me she'd always be here
what happened?

my mommy died form heart disease 2 years ago
i soon found out

(This is NOT a TRUE poem)

Katrina Thompson

World Far Away

In a wrld far way I see your face
I set myself at a pace

I hear you call out my name and lifted I feel
Asking myself is this real

Is this real what I feel? well is it?
Knowing I'll see you in a bit

I don't have to ask anymore
I now know
When I come, just open the door

In your world far away, so very far away
We everyday think the same
thing everyday, but so far away

Katrina Thompson
