## Keith Williams(April 25,1974)

Meet author Keith Oscar Williams, a veteran poet of fourteen years whose literary career has influenced many people of all ages. Since 1991, Williams has used poetry as a way to express deep thoughts and feelings when no one wanted to listen. He began to address many issues through his life including love, relationships, emotions, life struggles, marriage, and spirituality. From falling in love by an old oak tree to dealing with married life, Williams was determined to make his voice heard. His voice became popular not by spoken word, but by written word. Even though most of his poetry was lost, Williams continued to write a new generation of poetry, highlighting new challenges and trials he believed he would overcome. Other memorable poems are My Broken Heart (1992) , A Little Romance In My Life (1992) , How Must I Come To Love Thee (1993) , A Quest to Love, a Love to Quest, Part I and II (1994) , Delilah In an Unknown Place (1995) , Sad and Worried (1997) , The Tulip Song (1998) Celebrate Love (1999) , Celebrate More Love (2001) , Get the Word, Get the Wealth (2002) , and The Messenger That Doesn't Speak (2003) ,

Now, Williams combined a few old poetry selections with prose from the past two years into a book of poems known as The True Experience. Why such a name for a collection of poetry? Williams concluded that everything written in the book is his true expression of how he really felt about his inner struggles. Williams believes that through his faith in God, he will have the strength to continue the journey to the city of golden streets. In that place, he may continue to write, but for a different audience.

This book was written to provide an inspiration to those who are going through similar dilemmas in life, showing how these written testimonies can be medicine to the troubled mind. With that objective in mind, Williams hopes his poetry can recruit people to become saints of God one person at a time.

Other books due in the coming years are Spirit Led, Spirit Led, King Edward's Courtyard, Computers Inside, The True Experience, Volume II, Lessons for Life, and The True Experience, Volume III.

Keith Oscar Williams was born in Birmingham, AL in 1974. He is third of five children to Dorothy and Albert Williams, Sr. Williams, in 1992, graduated from A. H. Parker High School in Birmingham. ## A Little Romance In My Life

I cannot explain the way I feel about you  
Girl, you're always on my mind  
Everytime I often think of you  
I get a funny feeling that  
I'm so in love with you  
I want to give you all my love  
Let me show you that I'm real  
The love that I have shall never fade away  
I'm tired of being broken hearted  
I need a little romance in my life  
Can't you see I need little romance?  
Take my hand  
May I have this dance  
No one can love the way that I can love  
I'm telling you  
I need a chance  
I need a little romance in my life

# Celebrate Love

Love is a celebration  
Of another one's company  
I love, therefore I live  
I live because I love  
I hate, therefore I'm dead  
I'm dead because I have no love  
I cannot enjoy the fullness of life  
Not with love  
If hate is in my heart  
How can I love?  
If I hate there is not cause for celebration  
There is no one in my life  
Should I hate  
I still love  
Yet no one is in my life  
Once she comes to me  
Then I can celebrate  
Until then  
My love I celebrate  
As if she is already there

# I'M Going Crazy

Every since the day I went away and left you  
So lonely and cold  
What could I do?  
I thought about myself  
I never meant to hurt you  
I had to go away to see if love was through

One day you send me a letter  
Telling me that you loved me  
And you still care  
I broke down and cried  
What did I do?  
I left a love so true

I'm going crazy  
Out my mind, yeah  
Don't think that I'm lazy  
To come back to you, girl  
I want you to be my lady  
I'm so sorry  
For leaving me you my baby  
Please forgive me  
I've been so naïve  
I'm going crazy

Every word I say is hard to express myself  
I have to start somewhere, baby  
Can help me?  
Save me from myself  
I just want to let you know that I love you too  
Or else my heart gets broken  
What a fool I've been  
What else can I do?

One day you send me a letter  
Telling me that you loved me  
And you still care  
I broke down and cried  
What did I do?

I left a love so true

I'm going crazy  
Out my mind, yeah  
Don't think that I'm lazy  
To come back to you, girl  
I want you to be my lady  
I'm so sorry  
For leaving me you my baby  
Please forgive me  
I've been so naïve  
I'm going crazy

I have to let you I need you so very much  
I have to let you I need to feel your touch  
I have to let you the things I done was so wrong  
I just don't know  
But I realize I need your love

Every since you wrote to me  
I cannot speak  
My eyes are gonna leak  
I my heart's getting so weak  
Everything I do  
I think of you  
What am I gonna do  
Tell me if this love is true

One day you send me a letter  
Telling me that you loved me  
And you still care  
I broke down and cried  
What did I do?  
I left a love so true

I'm going crazy□  
Out my mind, yeah  
Don't think that I'm lazy  
To come back to you, girl  
I want you to be my lady  
I'm so sorry  
For leaving me you my baby

Please forgive me  
I've been so naïve  
I'm going crazy

# Something So Right

This love is so right  
Feelings so deep  
When I see in my presence  
I just cry  
Your words are so deeply moving inside  
I don't want our love to end  
Oh no  
I'm here for you when you need me  
I drop everything come running to you

You know it's alright  
I'll hold on tight  
Never let go my baby  
Be my girl  
As I am your man  
I have this feeling that  
Something, something's so right

I found a love I cannot let go  
I love you so much it hurts inside  
The pressure's so great what can I do  
Let this love come out of me  
One kiss and one touch  
Energy released  
Like fire inside  
It wants to come out

You know it's alright  
I'll hold on tight  
Never let go my baby  
Be my girl  
As I am your man  
I have this feeling that  
Something, something's so right

Don't you worry about a thing  
I will keep you warm when it's cold outside  
Come on inside and hide in my arms  
No one can get to you now

I won't let anyone take you away from me  
All this love is something so right

You know it's alright  
I'll hold on tight  
Never let go my baby  
Be my girl  
As I am your man  
I have this feeling that  
Something, something's so right

# Take My Hand And Walk With Thee

What wonderful sights so lovely to see  
Hold the beauty I possess before me  
Let not a day go by in which I ever let it be  
At times I never shown you that I love you  
But I'm quick to judge so boldy I do  
When you are gone I have nothing left  
When the river runs dry so water that was kept  
Only a word could dried it out  
Until I have no choice but the cry and shout  
Yes she is gone how can I get her back?  
Whatever happened to that gentleman no love he lack?  
Once I see you again joy shall come this day  
Because there is one thing I have to say  
What do you see shall think of me?  
I cannot help I see I think of you

Keith Williams

# That's Just The Way I Love You

That's just the way I love you  
And this love will never change  
That's just the way I love you  
And our love will remain the same  
You know there are some good and some bad days  
There's going to be some headaches and pains  
But you don't have to worry about nothing  
Because I will be by your side

Keith Williams

# The Courage To Say How I Feel

Why do I go on the way that I do?  
It's only because of you  
I keep on fighting to the bitter end  
I never realize that I even had a friend  
We will help each other  
And love one another  
If I could give you the world  
I'm your man and you are my girl  
For a long time I never really told you  
You are my wife, my friend, and my boo  
Don't ever leave me  
Don't ever tease me  
Try your best not to please me  
I won't ask for too much  
Just will do a passionate kiss and softly you touch  
I read your letter I cannot lie  
Good to the last word, I laid my head down to cry  
I don't want to fight  
I just want to hold you tight  
You made me to be a better man  
Once I did have a clue, now I truly understand  
Love and attention that's all you want  
Well I am here to give you want you want  
To give you what you need  
I wave the white flag in surrender my greed  
It seems that my love is spend in despair  
O what issues that are in need of repair  
As long as I have you  
I do what God wants me to do  
Until I escape the madness and fly like a dove  
One look at you once again in truly in love

# The Old Oak Tree

At the high school I first went  
One girl I met such time wasn't spent  
Because one look at her I wanted to fight  
Evil thoughts about her bothered me day and night  
Not a time went by I had anything good to say  
Passing through the halls kicking dust in the hay  
A cold war harsh as old man winter  
While chopping wood outside my hands got a splinter  
Then one day a madman came  
No girl was with him so he played a game  
He tried to hit her with a chair  
But on his own evilness gave him a stare  
Into my arms she cried giving up a river of tears  
Hurt by the threats and shame like being stuck with sticks and spears  
But I wiped her eyes dry  
I really loved her I couldn't lie  
What really made a change in me?  
It's when I stopped by the old oak tree

# There's No One Like You

There isn't one like no other  
Who will make a way  
Out of no way  
No one can do what  
My Lord can do  
I have decided and persuaded  
There is no one like You.
