If I Were To Become A Bird

If I could spread my wings and fly
Fly up high, toward the wide blue sky
I'd fly away with the birds
And can go along with the winds
To where I can see every thing bright
And feel the warmth of the light

If I could make one of my dreams come true
I wish to become a bird so i could fly to you

I'Ve Always Loved You

Yes, darling, it's very true
I've always been in love with you
How can I not, my dear?
When your voice plays
A melody to my ear

When every time we touch
I reach for the sky
And yet; time always seems to pass us by
No sooner do we say hello
It's time again for us to say goodbye

May I whisper in you ear?
From my heart so you'll clearly hear...
I love you
Always have and always will, my dear.

My Confession (Pt.1)

I can no longer keep
What lies hidden deep
For my body is aching all the time
And nightmares haunt me in my sleep
I can no longer carry the burden
Of my sinful deed

Here I lay my fate into your hands and kneel
Here I start my confession
Hoping that confessing my horrible deed
Will ease my depression
Hoping that when the day is done
I won't be regretting

I've...

My Confession (Pt.2)

A wise man once said: 'A poet is a liar who always speaks the truth'

I've been known to be wise
A man who speaks the truth and never lies
But I've fallen in love with the devil...
In a woman's disguise
She made me do things I never thought I'd do...
Things that I despise
I've killed in her name without hesitation
I couldn't see the darkness in her eyes
Wearing a fake smile on her face
Sweet words as her disguise

But at the edge of sanity...reason came back to me
At the edge of reality...I've found that lost part of me

My Dear Sweet Child

Don't you worry my dear
I'll always be near
I'll be watching over you
There's nothing to fear
As long there's tomorrow
As long the skies are clear
There's no need for sorrow
Put a smile on your face and cheer

I'll keep you safe and sound
My dear sweet child
I'll always be around
To keep you from the wilds

My Sanctuary

You're my sanctuary
You're what keeps me warm
What keeps me safe
You're my guardian fairy

It's all extraordinary
The way you move, the way you smile
You're so beautiful and imaginary

You're everything I need and more
Hold me close
The way the ocean hugs the shore

She Was Despaired

She started singing
A beautiful song
She was pretending
That nothing's wrong
She was trapped from the inside
Screaming to get out
Even though...
She didn't know what she was crying about

The Blind Old Man

If I could see you
Sitting beside me
If I could see the world
That's moving around me
Then maybe I could live again
But my time is following

I'm blind, I cannot see
As I bump into a wall or a tree
I can hear the world laughing at me
Do they think me deaf too?
Or are they just ignoring me?

It's hard to appreciate the sun at dawn
Or the brightness of that little moon
For I'll be dying soon

The Lost Soul I'M

I'm tired of listening
To the sound of my tears
Tired of running
Instead of facing my fears
Tired of questioning my existence
Tired of walking the path of least resistance

'Who am I? ' 'Am I supposed to be here? '
So many questions going through my mind
I want them to disappear
I'm tired of the lost soul I'm
Tired of being called a queer
I just need somewhere to belong
Something to rely on
Just want to have someone near

I just need a place to fit in
Somewhere to begin
Is it too much to ask for?
Tell me why won't anybody let me in?

To Dance Among The Stars

Spread your wings and fly me, Love
Take me even further than the skies above

Take me up high
Beyond the wide night sky
Let me see how shiny Sirius really is..
And all the stars nearby
Let us dance among the stars
Until the rocks all crumble
Until the seas all run dry

Too Good To Be True

I can't get you off my mind
I can't stop thinking of you
You're one of a kind
I can't get my eyes off of you
I'd kill myself if it would get you by my side
But most wishes don't come true
I know that I've never crossed your mind
I'm just another guy to you
A woman like you is hard to find
You're just too good to be true

You Mean The World To Me

I don't know how far i can go without you
But I know one thing for sure...it won't be very far
I'd rather kill my self...and be suicidal
Than to live with such a scar

You're the only thing that makes me want to live
I gave you my all...there were nothing more to give
But you didn't care...you took my love and put it on the shelf

I'd die for you baby
But you'd never do the same
You tore my glistening wings
And threw me into flames
