Arewa Republic

Arewa republic
The land of sagacious
Our elders are not malicious
Our leaders are not vicious
Our youth are doing no contumacious
Our journalist are speaking no mendacious
Our ladies are so vivacious
Our child are also precious
And they are less loquacious
We have no baby factory because we are not salacious
Say to that parasite we are also veracious
In the second world war only arewa soldiers are called ferocious
Our lawyers are not judging atrocious
Our footballers are played much more than palacious
Arewa people you are so capricious
Arewa people you so gracious
Kai! am proud to be a nigerian just because am from arewa
Arewa republic
The heart pf western Sahara
Those that have military capability
And they are not doing stupidity
They always carry-out their responsibility
I supplicate for may ALLAH protect you from any kind of calamity
Arewa you are so kind to humanity
Arewa i like the way live as homogenous
While you are heterogeneous

Do Not Accused Me

We have nothing to eat
We have nothing to drink
We wearing no clothe
We are arduous to eat twice a week
We live in nudity due to lack of clothe
So do not accused me
Our men have been killed
Our women have been raped
Our girls have been abducted
Our farms have been burned
Our houses have been arsoned
Our foods in sailors and band have been staled
So do not accused me
We have made a grumbled to government persistently
But they ignored it since and recently
And journalist are speaking mendaciously
We are not longer live maladjustely
We embark-on to abate simultaneously
So do not accused me
That is why we sacrifice our life to be a suicide bomber
in Oder to rest of us to survive
if couldn't help me
so do not accused me

Word Of My Heart

As i` am speaking from my heart
i want to you to learn me by your heart
if you are the one who feel what i` am feel in my heart
you will never done what you done to me
believe you me
you are among the few persons who are conceive my sorrow
when i` am in darkness of sorrow
note your smile the final consumer of my sorrow
my fiance why
if i` am look at the mirror
i` am seeing your face in the mirror
rather than my own in the mirror
hey you are my mirror
i` am not like you to say till tomorrow
if my heart is a land
i will make you a queen
because you are my heroine
any one in the land
must be your concubine and chamberlains
include i the owner of the land
as long as you love me
i will never mind
weather curb me like gigolo
those are the word of my heart
baby pleas accept the words
