A Weary Man

In the coolness of the night
I see a heartless man
Wandering about.
His face full of blood
And bruises that won't heal.
He carries a picture,
Of his deepest memory.
Hope doesn't exist,
With him anymore.
Nightmares haunt his mind.
Dreams don't come true,
Anymore.
He reaches for the sky,
But falls on his face.
He lays there,
With tears in his eyes,
And no desire to live.

I Dreamt Of You And I

I drifted away today
Thinking of you and I
Wondering if I chose the right path.
Holding my tongue, keeping my feelings buried deep.
I long for your touch.
I dreamt of you and I today
Your soul touching mine.
Your eyes seeing deep in my heart.
I long for your touch.
Your hands caressing my body.
Your smell I can not forget.
I need you to hold me.
I dreamt of you and I
In a place, where our feelings were free
Not hidden or a secret.
Where our souls could connect,
Once again.
A place where our laughter was heard.
Your soft lips I miss
I want to feel them again.
On my body, my lips.
I want to scream your name
And not be scared.
I want to feel you in the moment.
In this place you are mine.
In my heart you will always stay.
In my mind you will be.
I dreamt of you and I today
I dreamt I was with you!

Stay Away

He comes to me in the night
Begging for forgiveness
Explaining his wrongs
Trying to make me understand
He won't stay away.

I hear the moans and cries he makes
I hear him when he calls my name
It echoes in my head
Over and over.

He's on his knees begging
The look in his eyes
The tears falling from his face
He's pleading for me to love him again
But I can't love what isn't true.

Time is slowly going by
The pain is getting stronger
My heart is broken
Will it ever mend?

Time will cure my broken heart
It will heal my wounds
Even though you hurt me
I still love you
I am scared and lonely
I can't understand this

To The Man I Let Go....

So much time has passed..
So many words never spoken..
A love I will never know..
I miss you so much..
My heart cries for you..
My soul screams your name..
The sadness I carry..
Haunts me every day..
Regret fills my mind..
I wish I never said goodbye..
I wish I never let you go..
Tortured by my past..
Remembering your smile..
Your smell....Your touch..
Remembering the one love..
I was too afraid to love..
A life without you..
Is a life full of emptiness..

Untitled

Bruises, bumps, and broken bones
I can feel them all
I fight to stay alive
My will is weak
My tears are real
I can't get out
I can't run
The cuts are deep
I will never survive
I was promised paradise
Bruises, bumps and broken bones
Is all I ever got
You twisted vines
Ripped threw my heart
My soul is screaming for help
I can't breathe
My lungs are grasping for air
I can't breathe
