Never Forget Me

Never forget me,
I wont forget your smile
My heart misses beats,
It drives me wild
Butterflies in my stomach,
Love on my mind
Lean in for the kiss,
for the very first time
Your lips are so soft,
my heart turns to goo
Wandering in my dreams,
since the day I met you
Looked in your eyes,
please stay for a while
Never forget me,
I wont forget your smile

Some Things

As the sun sets and the tides change
You realize some things you can't rearrange
Try as you wish, and wish as you try
Keep in mind the birds will still fly

So don't waste your time on something that is not
Because your hopes and dreams will surely rot
Lay it to rest, start over new
There is one thing I know, the sky is still blue

Give it your best and try your all
Remember though, the leaves will still fall
Fate is harsh, and often tough
Take my word, life's full of this stuff

The wind will still blow and those sky's will still snow
But I believe there is one thing you should eternally know
As the sun sets and the tides change
There are some things you just can't rearrange
