A Winters Day

A winters day,
is like no other,
when you step outside the crisp breeze send an everlasting chill through the
body.

A winters day,
is fun filled and jovial when you and your friends play for hours and hours in the
endless snow.

A winters day, is my kinda day.

Seasons

Seasons.

Seasons change,
spring, summer, fall, winter.

Spring,
spring is fresh the start of life.

Summer,
summer is jovial a time of pure fun.

Fall,
fall is color, the changing of leaves.

Last but not least winter,
my favorite,
winter is time for giving, a time for loveing one another.
