# If Only

If only

I'd hadn't push Him

away.If I hadn't said those

cruel words that made Him never want to talk to me

every again.

Then maybe on are last day together,

we could of kiss and hugged.

instead of pretending to anore each other.

If only

I'd didn't have so much prided, and

said sorry,

WE probably be together.

If only

i could control my angry

and not get jealous.

Then maybe he still be in my arm and, he

give that smile that brighting up all my days.

If only

I stop listening to rumor,

I wouldn't broke my own heart.

If only, IF only.
