## Alfred miguel(04-12-1987)

i am now 21 years old living in palangue 2 naic cavite, working as a computer techician in PODCOM Computer Center Rosario, Cavite, back in my childhood life, I am a simple guy who dont have many friend at all Yet my life still happy and at the same time i could say that I am not grown enough because on my childhood life many of my classmate always make fun and bully me, Thats why most of the time I dont participate in any activity in our school, even in my neighbourhood i cant show my talent, I cant show that what they can do is I can do also, Coz even my other friend make fun and laugh with me when i got to do our play with them, thats why many things i couldnt learn and even know I want to learn all those thing I dont have enough time to do that, Coz now i am to bussy in my work, and also i am shy because of my age. Thats all

# A Message From The Dying

When I'm dying  
I don't want to see people crying  
Instead I want them to be happy  
I don't want to see those teary eyes  
From my family, friends and special someone

I don't want to see anyone sad  
In my funeral or even in my interment,  
Rather I want them to be happy and laughing  
Sharing funny stories and joking.

# I Am Now Alone And Freak

I am now alone and freak  
Remembering our past  
The love we've shared  
The smile I've seen

The talked we do  
the movie we've watched  
The song we sung together  
All the things we shared

The dream we make  
All the Promises you and I said  
hoping for us to be reunite  
to become one again.

# I Still Love You

I love you I love you I love you!  
All i know is I still Love you my dear.  
I know you love someone new.  
But I cant fight this fellings anymore.

I dont know how to stop it,  
I dont also know how to show it to you.  
because we are far with each other now,  
I know it is a crazy thing to do.

To continue love you without knowing it,  
to hope and pray for us to reunite again.  
But what should i have to do.  
I am a slave of my own heart and mind.

I cant fight my crazy feelings for you,  
because you're the one and only one.  
That here in my hearth and mind.  
Tel me tel me what i should do?

# My Hope.

hello I just a person who care you most  
May be your already forget me  
your not thinking of me anymore  
either saying my name to your friend.

Its hurt for me you know?  
because I love you much  
More than the way you love me  
I love you more than you feel

Either more than you know  
I know your happy now in your life  
happy with your friends  
with your family with your love ones

The man you've chosed over me  
The man who makes you happy now  
Well it is fine with me if he make you happy  
But if not It make me more feel bad.

Because I let him to take you  
I dont try to fight to show how much I love you  
I dont prove enough that I am the one  
the realy one who love you much.

its been a month till we broke up yet the pain her in my heart still there I dont know how much I can take it. you're always the last person in my mind before I go to sleep, and also the first person come out in my mind when I woke up..

As of now i cant fight my love to you, because i have to face my life now as one as me as man, But I am still hoping that on the future I can have my chances i can meet you again, I can show to you I can prove to you that I realy do love you, I realy care for you and I realy like to be with you forever and ever and ever, no one can changes that either time cant erase it. thats a promise that couldnt broken.. Hoping that you can read it. my bebie.....

# Truth

The fact that I knew It  
It couldn't help me  
For me to forget you  
Rather I'd still holdin on

I know its for nothing  
But I cant Stop  
Rather I'd still dreaming  
for you to come back

For us to reunite again  
It may be sound stupid  
But That's what I realy want  
This is my dream day by day

# When A Heart Become Crazy

When you leave me  
I want to be angry with you  
But still I can't do it  
Even it's the right thing to do

I want to hate you for hurting me  
But my heart refuses to do it  
Rather it still and want to love you  
Even you broke it into pieces

My heart don't listen to me now  
All he wants and need is you  
You're love you're care  
It doesn't listen to me now

Because he wants you back  
He wants to feel you're tender love  
The way you whispered I love you  
Your passionate and sweet smile

That simply takes me to heaven  
When I see it in you're face

# Why Is It Happening

Its been a year that pass  
But Here i am still missin you  
I know it been so long  
I must now accepted it  
That were not ment to be

But i dont understand my self too  
This pass day I always thinkin of you  
When I woke up in the morning  
Ive always thinking of you

Even when i going to sleep your still  
The last person I think.  
Even at this moment writing this  
Ive been thingking of you.

Do I still Inlove w. you?  
Or Do you miss me the way I am now?  
Are you thingking of me like this  
Why do I cant forget you even though

Where not seeing each other for a long tym..  
For how long I can be like this  
Missin you every morning  
Thingking of you everynight
