# Chances

Take chances a lot of them

You will regret most of the chances you don't take

Chances shape us in who we are today

They teach us life lessons

Take a chance and if it doesn't work out get back up and take more don't stop taking chances

Chances are the only thing that can give us a chance to change ourselves and other people

# Colors

With out colors the world would be black and white  
A dull and lifeless world

# Friends

Friends are special

Friends are true

They help me when I am feeling blue

There are true friends

There are fake friends

When I am not with my friends I blend into the crowd

But when I am with them I am crazy and stand out

I'm going over i'm falling free

Into your arms as you catch me we are free falling

# I Forgive You (Stronger)

I forgive you for what you put me through  
But you made me that much stronger

# Mistakes

Don't let that one mistake define your life and your future  
Embrace your mistakes because they shape us into who we are today  
Mistakes can change us for good

Alissa Guthmiller

# One Day

I am still not over you  
I have never liked a guy like you before  
Even though we never dated  
I feel like I have gotten my heart broken  
Ever sence you said you just wanted to be friends  
But you never talk to me  
I sometimes think one day we can be friends again like we once were

Alissa Guthmiller

# One Day At A Time

Taking it one day at a time  
The fear the heartbreak  
I will love you one day at a time  
I believe that our love will last  
Its just me and you one day at a time  
We can throw the past away because we live for the future

Alissa Guthmiller

# Over You

You just wanted to be friends  
But I wanted more I lied and agreed to what you said  
Every time I look at you it kills me  
I know it is for the best  
I just need to face the facts and get over you

Alissa Guthmiller

# Road To Nowhere

On the road to nowhere  
Lost in love imagining that things could be different  
Lost in the world of my imagination  
On the road to nowhere the past is gone, the future is near  
The memories turning into fog, the light is near  
I finally have my happiness back

Alissa Guthmiller

# Scars

Scars teach us life lessons

Sometimes people want to believe that it had not happened that it wasn't real  
but it was.

That's what scars do they wound us they remind us that it had happened and  
that it is was real

# Singing

Sing as if know one is listening  
Singing is a way of life  
Sing when you are in strife  
Singing is beautiful  
Some people are good at singing  
Some sing bad don't be sad keep on singing

Alissa Guthmiller

# The Choice

The choice I made was to love you  
I hope that you will love me to  
We started out as friends but for me it developed into something more  
It cuts me to the core when you don't talk to me  
Does it hurt you like it hurts me  
You are my choice

Alissa Guthmiller

# Truth

Its funny how people want the truth not knowing there going to get hurt  
When someone ask for the truth they don't know what they are going to hear  
They hope for the best but expect the worst  
The truth is a blessing and a curse  
They keep digging themselves deeper in a hole thinking each time they ask it will  
be different

# Why Wont You Stay The Same

Days come days go  
People Change People Grow  
Feelings drift away but memories never go away they stay the same  
My love for you cant be tamed  
Nothing will ever be the same  
You cant blame me for felling this way  
Why Wont You Stay The Same

# Winter

Winter is the time for cozy fires and drinking hot coco  
Everybody looks forward to winter  
The present opening on Christmas and spending time with family
