I died once but now im back
Im a lonely person who just writes poems
The poems expresses how i Feel

-

I ts hurts to see u cry
when i know i cant do anythin to help you

I cant visualize
Life without you
I'll Cry `till death
I'll plan suicide
Burns, Cuts, and Scars
Is what I'll sacrafice

Nights will pass
Days will pass
Moon comes up
Sun sets down
I'll be waiting

I shut my eyes
Even if Im in Heaven
It will feel
Hell without you

Within nights
days
I'll die
From your absence

Abandoned
Without your love
Alone when
Your not here

Departed
Wanting to hold you
Once more again
Drop by drop

Wanting to sense
Your love
Seal my heart
When your not present

Your gone
Not for a while
But forever ...

Alma Rocio Cortez

love

I had no life
No reason to live
I thought I should die
Cuz death was for me

Crying alone
Had no one to love
I thought that was not meant for me
Love does not exist
'till this day

When I found you
In the night
You've shown me
You are my life
My reason to live

Without you
I'll die
Tear by tear
I cry for you

You've shown me the way
The way to love

Life without you
Will lead to death
My last words
I love you.....

.: : More Than A Friend: : .

Do you know?
Can you tell?
Have you heard?

Staring,
Thinking,
Dreaming,
Of you

Found out?
Understand?

...
I guess you will only see me as a friend

~ -Different - ~

We're Apart
We're Different
Different Faith
Different Belief

I Can't help it
I Love You
Wipe away my tears
Tell me we'll be together

I know We won't
I admit
This Love will never be
They Take me away

I can't have you
You can't have me
We will be together some day.....

~ Fix It ~

I wish this was a scar
But this can't be fix
It's a scar
A scar in deep

I fall asleep knowing
It still hurts
Drop by drop
I cry `till some pain goes away

A scar
knowing it cant never be fix
By that person who cause it
Is now far away

Touch my scar
It deep inside
I hope now you can fix it
Fix my broken Heart

~♥ ~

You've came along
I was just a
lonely, heartbroken girl
You wipe my tears

Gave me hugz
in time of need
I turn around
You're always beside me

Those hugz
went to kisses
I should've kissed back
But Love was not it, you turn around, got cherry red
but you understood

Kisses by another
I played along and kissed back
You smile, hold my hand
We became a couple

Kisses went to Love
Sunsets we've seen
Came on one knee
Will you marry me?
I agreed and Love

Love went to Passion
Underneath the bright moon
I love you i want you I need you
You're my life

I closed my eyes u closed yours
Kissed once more
Will meet in Heaven
I love you

~♥ Cold Hearten♥ ~

Fear when
I sense your presence
Escape away
You've always caught me

Whispering to my ear
Harsh and Cruel words
Throw me at the floor
Never cared when I bleed

You made a fool
Out of me
Stared at my eyes
to see if I cry

I look away
You torture my
Rip my childhood apart
Rip my dreams apart

I rather die than to
see once more again I deserve better
At least Is what I think

Alma Rocio Cortez

~*dying * ~

See me
I'm smiling
See inside
I'm dying

I'm hugging
I'm kissing
I'm loving
I'm touching

But yet I'm dying

Get away
I'm alone
I have no life
I should die

Yet your still beside me

I'm loving
Dreaming
Thinking
But should be dying

This is the last word
I love you
But I don't want to get Hurt
I'm dead inside

Alma Rocio Cortez

Abused

Its over
Scince the time you abused me
Don't touch me
Don't hurt me
Don't harm me
You told me what to wear
What to say
I'm your girl not your slave
You made me do this and that
I won't obey you anymore
When i stare at your eyes
I see hell
When you touch me
I feel a Devil
When a hug is given
I hug flames
When your lips touch mine
I drink poison
You you thread me for my love for you
Yes I was a fool
But i was a fool to who was
In love with you
I'll get over it

Alma Rocio Cortez

Admit My Love

It is hard to admit
I had fallen for you
Day and night i think of you
Get out of my mind i don't love you
At first you your my enemy
But now everything change
Cuz I had fallen for you
You trapped in my heart
While i try to send you out
You're in my dreams but they are nightmares to me

Is this Love
Of course not its hate
But..... I had completely lost in your eyes
I don't want to think of you but at times i do
The hatred I had for you
Had chand=ge something that change my Heart
Your heaven to me Or are you Hell
I wanted revenge
but know everything had change cuz I had Fallen for you
Hold me tight NO get out of my sight
Your the World to me.....

I have to admit i had Fallen for you

Alonelove

Beyond the sea
I see if there's any love for me
Water shimmers
Beneath thy' sun

Wishing I had someone
But that can't be done
Close my eyes
Holding back Tears

Getting away from all my fears
Crying alone
Away from light
Trying to escape to the darkness night

Don't wanna feel that pain
Suffer and Cry
Once more again

I learn it the hard way...
once more again
There's no one out there for me

I'll be alone
Thats what meant to be
.....
Atleast for me.....

Alma Rocio Cortez

Broken Heart

I gave you my Key
The Key to my Heart
I was blind at that time
I couldn't believe you could not believe
You could not Handle
My Key

I look at my Heart
I still couldn't believe you had
Done this to me
The pain the tears
Had broken the door
Through in my heart
Now i could see you were never
In Love with Me

You closed the door you can't enter
You could never handle the Key
You never Loved me

Alma Rocio Cortez

Ending Love

I held you in my arms
While you fade away
Look up high
I feel like it's the End

I try to catch you
But you just slip away
I ask myself
Is this the end

Drop by drop
I cry away
Tear by tear
Will this Change

My rose bleeds
With Pain
I dropp my Heart
And just set away

Alma Rocio Cortez

Alma Rocio Cortez

Reason

I might not be perfect
I might not be sweet
I might not be accepted

I might be alone
I might be gone
I might die soon

But who would care

My 'family' left me alone
My 'friends' never cared
My heart never loved

I would die alone
cold hearten, alone, unwanted, unloved
Never accepted

But who would care?
Would I care?

I don't see the reason
I shouldn't die?
I disappeared
Finally I would be gone
It works out for you and me

Roses Are Red Violets Are Blue.... 3

Roses are red
Violets are blue
I have no love
And neither will you

Alma Rocio Cortez

The Real Girl

You see a girl who smiles laughs and plays
But do you see the real girl behind the rainbow shades
You see a girl who cries day and night
A girl who tries to cover up her pain
A girl holding in her tears
But no you only see the girl who cheers

Alma Rocio Cortez

Truth Or A Lie?

You tell me you need me
You ignore me
You tell me you want me
You leave me
You tell me you love me
You abuse me
You tell me you're sorry
You do it once more again

Alma Rocio Cortez

With You 'Till Death

It hurts to see you cry
To see you suffer
To see you go away
To see you die
In a blink in a eye

You'll be away
Maybe in a better place?
I know life without you
Will be torture
But can't change anything

I stare at your eyes
You are the one I had fallen in Love with
You tell me to find someone else
I can't!
You're the first and last person I love

You're my True Love
I can't live without you
You are my Strength
My love
My reason to exist

Without you I'll be nothing
I'll die with you
We die in a silence place
Blood

We will be together
Even through Death.....

Alma Rocio Cortez

Xxloveregretxx

I love your
Heart,
eyes,
body,
smile
I love everything about you
Is what you use to say
Left me alone, heartbroken, heartless

Told me
I'm your life the reason to live
I gave my heart
It got torn apart

You said
we're made for each other
I belong to you
You belong to me

Now i Suffer
Cry out tears
We grew apart
different ways we went

Now I regret
ever wanting you
I should've never
meet you
Cause now i feel pain

I thought
You & Me
was a Love story
To be past down in love history

Hugz and kisses
That meant nothing

Raining days

dark and hollow
I see you
you see me
I look away
You look away

I go off
You go off
No hugz no kisses
Its the end

Alma Rocio Cortez

You Are Gone

I forgot who you are
I use to stare at my World
Now I stare at my fear
I run away

You grab me

Whisper in my ear
Those words hurt more
Than when you threw me on the floor
You are my World

Well....use to

Your friends make fun of me
You play along
You treat me like a slave
I'm your girl

Well Use to

Everyone has there time
I guess you had yours
I look through the ground
You belong there now

Alma Rocio Cortez

Your Shadow

Behind your Shadows
I seek your Heart
Far away
I try to stay

Whispers in my heart
Deep my Soul
I hear words
I can't explain

When you come
I'll run away
When i find you
I'll run away

I Love you.....
But i know you'll.....
never will

No matter that you don't
This feeling
Will never change
.....

But still
I'm you Shadows
Of your Heart
.....
