Broken Heart

Sorry for the pain I caused you
Maybe I should be happy u can't leave without me
Or I should feel great for the reason you can't move on because I became a very
part of you that you don't want to lose.
I should have been proud of all these if these feeling were right
But now I see. even, I can't move on too
I see how I failed in my promise to make you better
I failed in making you into a woman who is capable of being herself.
When I saw u for the first time
I couldn't stand or believe my eye's
You were so young, vibrant, you were so full of life and your courage and
braveness calls out to me.
I met you and discover a lot.
But now have seen how far have brake you
I see how much damage I made out of you
I feel worst a man for making you regret meeting me
And also thinking without me your world as come to a stop.
It all my fault
Am to be blame
I was suppose to make you strong
To make you feel appreciated
To make you know I was just here to make you great.
