A Good Relationship

The moment I had first met you I knew you would be there
I saw the spark in your eyes I knew it was true
Love couldn't describe a word that I feel for you
You took my last breathe away
Even though I don't see you as much as I planned to change
Your always in my heart here and there
A good relationship like you is not to much
A kiss upon your face is not to much
Losing you is way to much
I love you I do
A good relationship is me and you

Andrea Jackson

One Plus One Equals Two

One plus one equals two
That use to be us
I knew things weren't going to go out as we planned
We tried to make it happen but in stead we got
One minus one equals none
I thought I saw the real you
But I saw the devil in you
And to think I would share my last breathe with you
But instead I have to say is forget you
One plus one was us
But now I got
One minus one is enough

Where Were You

Where were you when I gave my heart out to you and told you the truth
Where were you when I said my first three words I Love You
Where were you when I needed a shoulder to cry on
Where were you when I was going through all these changes
You promised to be there when I needed you but instead you lied
I waited day and night just to see your face again
Nothing couldn't stop me but instead the only thing you stopped was my heart
I could have gave you my second chance but I don't want to feel the same
feelings I would have each night
You loved me like you said but throwing away isn't going to hold me forever
I pledge to do my best and be there
But I just can't after all
Where were you when I gave my heart out to you and told you the truth
Just tell me WHERE were you! ! ! ! !
