# \*\*\* 1 Day And Night With U\*\*\*

one day and night i would  
walk along the beach with u  
sit on a roof top and watch the sunset  
cuddle with u along the beach  
have a picnic on a high up hill top  
sing 2 u good night  
kiss u every time u say something  
that makes me smile  
give u the longest hugs  
and stay in ur arms hours on end  
no longer will u have a broken heart  
cause 4 me it will mend  
holding hands every where we go  
meeting each others family  
as u wrestle with my little sisters  
and going thru THE TALK with my mom  
as we meet each others friends  
while we all hang out  
sitting in the park  
telling our whole life stories  
till it gets dark  
sitting on the beach on a blanket  
with my head on ur chest  
while u run ur hands thru my hair  
telling me u love me  
as i say it back  
watching the stars  
babe if i can ill spend more  
than a night and day with u  
ill spend the rest of my life with you  
i love u

## \*\*\* I Love You Babe\*\*\*

when we talk on the phone  
i never feel alone hearing ur voice  
i want you 2 hold me so close 2 your heart  
and never let our souls part  
every way you make me laugh  
i couldnt be happier  
wanting 2 kiss you hold u have you stay  
in my life and be mine 4 ever and 4 always  
every time i call you when your sleeping  
i ask do you want 2 get more sleep ill let you go  
and call another time you say no you always try 2  
keep me on the phone  
you want 2 know all of me everything about my entire life every thing  
good or bad or embarrassing  
i love it when you kiss me back over the phone  
or when i call you at one in the morn and you tell me i need sleep  
i love how you just wanna know me and take things slow  
i love how you opened your heart 2 trust me 2 love u  
and never hurt you  
your the best thing in my world  
i love how you talk 2 me as if theres no one else in the  
world but me and you and how you treat me as if  
im the only one in your life  
your the greatest thing thats happened 2 me  
babe cant you see

## \*\*\* Ur Words Echo In My Mind\*\*\*

as i read what u write about our conversations  
on the phone  
i know that im not alone  
but loving every moment of it  
every time i read something u write  
every night  
i find my self 4 days thinking of  
everything u say they echo in my head  
every word  
every time i get those echos i imagine u saying  
those word 2 me  
i want us 2 be  
4 ever just us  
after hearing those words  
i know how u feel 4 me  
and i love that u feel that way  
and just 2 let u know i feel  
the exact same way  
thinking about you day after day  
every minute of my every day babe i love u  
ur words echo in my mind

# \*\*\*its Been A While Now =(\*\*\*\*

havent talked or sent an email nor a message  
2 busy 4 me anymore  
heart staring 2 feel so sore  
feeling like im in the sky  
after lunch getting high  
we never talk  
so im gonna let u walk  
and wait till u call me or send a message  
if u ever do  
bc u know that i love u  
its been a while now that i heard ur voice  
i wish life could be ours 2 plan  
like we have the choice  
bc if i planned my life  
no one would have a knife  
and ill be able 2 be with u forever and always  
let my poems flow  
and 2 let you know  
that i do  
and always will  
love u

## \*\*\*just 1 Kiss From U\*\*\*

when i hear ur voice  
i picture just giving u my best kiss  
a long passionate one  
juat as i wrap my arms around ur neck  
slightly pulling not 2 hard  
2 reach up 2 u and slowly  
place my thumb on ur cheek  
as im rubbing it  
as ur placing ur arms round my waist  
pulling me closer 2 u  
slowly as i begin 2 kiss ur cheek  
then brush my lips against urs  
as u completly bring my chest 2 urs and  
completly place ur lips over mine  
feeling the softness and the tenderness  
just as i feel these little butterflies dancing in my stomach  
and my heart skips 2 beats in a row then starts racing  
as u slowly slid ur tongue against my lips and  
place it in my mouth as u deepen the kiss  
i feel nausea and light headed and my knees  
begin 2 wobble and i feel as i can no longer stand  
just with that one kiss from u

# 1 Night With U

all i ask is 2 spend 1 night with u  
i dont care wht we do  
as long as its with u  
all i want is 2 be in ur arms

as we spend just one night  
feeling so right  
bein here with u  
wanting 2 kiss u 2

slowly hand behind my neck  
heading 4 tht not so called peck  
coming closer 2 my face  
u have such beauty and grace

looking into ur eyes  
knowing u have no lies  
slowly and and with passion  
u kiss me as ur tongue sweeps over my lips  
parting my lips sliding ur hand down my back

as u brush ur hand thru my hair  
with such care  
u slowly have me on end  
my heart has no need 2 mend

as u slowly embrace me in ur arms  
i slowly begin 2 get off the ground and sit on the couch  
then u follow  
on our knees with my arms around ur neck  
ur one hand on my back

the other hand caressing my cheek  
slowly kissing me as i begin 2 get closer 2 u  
ur huggin me in ur arms  
as i stare into ur eyes

knowing u have the most beautiful chocolate brown eyes  
staring back into my ocean blue eyes

as i tell u i love u  
as u also say i love u 2

just this one night with u

## 2 Me Ur My Everything

u say ur not worthy  
but 2 me  
ur everything a girl

expressing my feelings  
isnt easy  
ive never felt the way i do  
feel about you  
i know ur the perfect guy  
2 me u never lie  
u keep ur promises  
and make me smile till i hurt  
when im talkin 2 u when i feel like dirt

i want u in my life 4 ever  
knowing i want u  
and need u 2  
in my life  
i feel so close 2 ur heart

just shows we were meant 2 be  
i know im in love with u  
know wht i should do  
tell u i love u  
u say u like me the way i sing  
2 me ur my everything

## 2 Worlds

we live in 2 seperate worlds  
never knowing we would end up talkin  
for hours on end  
knowing my heart no longer needs 2 mend

we were 2 seperate worlds apart  
from each other  
for some reason we were brought together  
as 1 world knowing all i want is 2 be with u

ur the greatest part of my life  
i never want u 2 leave me or my side  
we r no longer 2 seperate worlds

children make messes and they r not mild  
changing diapers  
waking up every hr of every nite

cleaning and cooking  
working and skool  
he wants a bby and so do i  
i feel i am ready no matter how young  
i dont wanna b 30 and have a bby

"how much do u do want a bby"

# A Day I Wont Forget

this is the day i think were goin steady  
i sure hope i am ready  
sitting in my bedroom white dress and vale  
soon ill be goin down that rail

flowers in my hand  
out of the vehicle and on the ground i land  
in front of the church i am  
tears out my eyes all ram

of happiness they come  
im excited some  
i walk up those stairs  
this man really cares

down the aisle  
with a great big smile  
the man of my dreams  
this walk so long it seems

up on the steps i go  
thay werent that low  
my man saying his vows  
the audience have wows

i then say my vows too  
and everything id do  
then you say i do  
and i say i do too

then you lean me over and kiss me  
now together we have a world to see  
this was a day i won't forget  
and the man i wont regret

angel of passion 016

# A Family

a family  
like no one can see  
a family  
everyone wants to be

family love  
comes from above  
family love  
is softer than a dove

family means a lot  
life will never rot  
family means a lot  
u will sometimes get caught

a family loves you for you  
and you love them very much to  
a family means everything to you  
without them u wouldn't know what to do

a family

angel of passion 016

# A Guy I Like

i like him because of his smile  
he is a guy id go for down the aisle  
i like him because of his walk  
my heart he opened the lock

i like him because he likes to fool around  
his voice i like the sound  
i like him because he can be nice  
i wonder if he likes rice

i like him because he's charming  
hes so gentle and a bit alarming  
i like him because hes daring  
hes a bit caring

i like him because he has assorted hair colors  
and how his hair smuthers  
i like him because he can be very sweet  
im glad we sometimes meet

i like him because hes cute  
i like his NEW hair cut too  
i wonder if he still likes me  
i dont know what to do

i like him because hes fun to be with  
some say love is LIKE a myth(its not)  
a guy i like  
my heart is a sike

angel of passion 016

# A Life Time

i hope its along while  
so i can always see ur smile  
i hope a life time is long  
for u i will right a song

seein u in the hallways alot  
with u trying to get me to do pot  
looking into ur eyes  
i have a million sighs

kissing you so much  
as soft as me u touch  
i see the saddness in ur face  
my love is no race

the way u lie  
we r a tie  
those sweet things u say to me  
but i hope some day me and u will be

i wish forever  
me and you together  
i wish u stay mine  
for a life time

angel of passion 016

# A Lot To Go Thru

the love of my life has moved away  
i wish he was able to stay  
my daddy dies horribly  
the pain no one can see

my boy friends mom makes him break my heart  
i thought we would never part  
i move skools thats not fun  
for dating an 18 year old it was only one

then all 3 of my friends want to fight me  
they never knew of the hurt i would be  
i met a great guy  
but he was a lie

now im in love with him so  
but hes to mean and low  
we did stuff we shouldn't of have done  
now i wanna run

im no coward just hurt  
my life is in alert  
i was in love and i did love to  
i loved you

my heart hurts to much to deal with  
my life will never be a myth

but my heart is to soar

my life was better it use to rule  
i was always hoping my love would love me to  
this was alot to go thru

angel of passion 016

# A Phone Call

a phone call means anything  
when u hear that ring  
u jump up out of ur seat  
cant wait till the next time we meet

a phone call is a son to ur ears  
and erases all of ur fears  
when u cant wait to talk to him again  
cause you think he will never cause any pain

a phone call is so much fun  
u would rather stay in then play in the sun  
talking all day and night  
not ever one fight

a phone call makes you think of him  
even when it starts to get dim  
a phone call means everything to a girl from a guy  
thats the truth its not a lie

angel of passion 016

# A Storm

angel of passion 016

# As I Think

as i think about u  
i cant stop thinking  
as i think about u  
and when i sing

i sing with love in my heart  
hoping we never part  
knowing im falling in love  
and knowing god sent u from above

as i think about u  
and how much i want 2 b in ur arms  
i have no clue  
but 2 tell u  
i do love u

i cant show u it for a while  
bc ur farther than a mile  
but i will tell  
how much i do  
love u  
in words is soo hard  
same thru a card

i feel soo strongly  
cant u see  
i want us 2 be  
just u and me

angel of passion 016

# Beleive In It

you will beleive in it

angel of passion 016

# Born To Be

born to be a singer  
but not a swinger  
born to be a writer

angel of passion 016

angel of passion 016

# Cant Let Him Go

its hard u know  
to let a guy go  
when ur heart says u love him  
like when he likes the lights dim

when ur mind says u dont want the guy  
it a big huge sigh  
and when your body wants him too  
and then ur so confused you dont know what to do

then u just want to lay in bed and cry  
and to ur self u just lie  
about how u dont have feelings for that man  
and how ur around him you need that fan

the way he gives u THE LOOK  
and u cant read ur book  
how he smiles at u  
and how you love him to

how u just want to kiss that face and more  
except when he needs something he know what ur for  
i just dont want to sink that low  
but i just cant let him go

angel of passion 016

# Childrens Love

i was lost but now im found  
my whole world was just rotting in the ground  
life was what i wanted it to be  
but my love for yous set me free

my heart ached in agonizing pain  
there was nothing else i could gain  
i lost yous and my world crashed  
but now all that is in the past

i walked miles just to see your face  
and hold you in my tight embrace  
endless tears day and night  
but you girls brought me light

two years of our hearts breaking  
for something that was completely mistaken  
i walked through storms and lightning  
i promise you no more fighting

hoping now too live in peace  
and these memories begin to cease  
the stories ill tell you old and gray  
the days ive always had to pray

now i see lighting through  
i hope you grow to be true  
you girls are what set me free  
one day i hope you'll see

how strong you girls made me be  
to fight for life as it should be  
you girls will see i never gave in  
for i knew the rest of my life would be in sin

now that your home im never letting yous go  
as once i did and now you know

never give up keep strong keep fighting for my childrens love is worth fighting

# Hiding The Hurt

she walks around as nothing  
hurt she will sing  
no one knows how she feels  
her hurt she seels

she hides the hurt with a smile  
even when she hurts more than a mile  
she cannot cry no more  
her heart is too sore

guys hurting her heart  
right from the start  
she hides her pain  
once again

no one understands what she goes thru  
or the hurt and pain too  
she bottles her saddness up alot  
the tears she had always fought

pain inside of her so much  
no one or nothing too clutch  
she feels like dirt  
now shes hiding the hurt

# How I Met True Love

my whole world crashing down  
in this shit whole town  
i walked into the lamest bar  
and there you were not afar

a man who worked as security  
set his big blue eyes down on me  
by the end of night i was no longer sober  
i ran to you traded numbers

hours of talking through the night  
the way you looked such a sight  
so shy cute and sweet  
once we finally again meet

days of talking and hanging out  
me and you always about  
such a gentleman so kind and dear  
i felt nothing i had to feel'  
you accepted me one and all  
loved me no matter what a fall

you helped me and supported me  
setting my heart free  
u gave me things no one could  
you gave me my life back  
i can never see u leave or pack

now my husband to be who runs me baths  
our wedding couldnt be fast enough  
weather easy or rough  
youve never been tough  
i love u so much baby words cant describe how much u mean to me or how much  
i love u and appreciate all youve ever done

angel of passion 016

# I Cant Tell You

# I Know This Girl

I know this girl  
she's sweeter than sugar  
she is as pretty as a pearl  
and nicer than icing on cake

well this girl I know  
she's not that low  
but has a tough life  
her heart hurt to much for the knife

she liked this guy  
this girl is very troubled  
but all he did was make her cry  
one day things changed for the worst

she started to smoke  
rather than joke  
she would always cry  
and would always deny

she was bad inside  
she always lied  
she was becoming a rebellious teen  
who ended up mean

she wanted to change badly  
but she couldn't sadly  
then she tried suicide  
but it wasn't a helpful ride

then one day all things changed  
her life turned around and rearranged  
oh my god how can this be  
this little girl use to be me

angel of passion 016

## I Know This Guy(#2)

I know this guy  
he had a troubled life  
he always did lie  
he never told the truth

well this guy I know  
he cheats all the time  
he never cares  
he just says 'so'

well one day actually all the time  
I saw him do this awful crime  
he stole food from the grocery store  
I don't know why or what for

well this guy I know  
he leads all girls on  
he can also be very low  
it gets worst...

he's a a charming kind of guy  
acts as if he would never lie  
he gets in to all the girls pants like a player  
he acts as if he were the mayor

I know this guy very well  
I know this cause I fell  
for his trap he got into my head  
then he took me right to bed

now I feel heart broken  
as my mind keeps on soaken  
I really liked this guy  
and now I really don't know why

# Is He Worth It?

See I like this guy  
and I actually know why  
he's always fun to hang around  
his voice is the sweetest sound

we always hung out together  
I wished it lasted forever  
on day he moved away  
I know I had no say

but he moved 2 hours away  
I don't have his number and I won't be okay  
I liked him very much  
he had the warmest touch

I never talk to him anymore  
my heart aches and is so sore  
I can't live without seeing him  
I felt like I cut my self on a glass rim

he had short, soft hair  
he had the best way to care  
he had the most beautiful eyes  
it would make you hear the full moon cries

he had the cutest smile  
he could run a mile  
he is hotter than fire  
he's the guy I admire

Brontosaur so far away from me  
how can him and I be  
we both care about each other  
we only fought twice with one another

and now here I sit asking you  
is he worth it?

angel of passion 016

# It Could Be True Or Is It Just You

for u love is not so true  
for me i beleive yes i do  
it's a feeling u can't describe at all  
but maybe just maybe you will fall  
in love with that right man  
and regret that you ever ran  
u get held so close and ur heart is so warm  
and some day ur heart will form  
in to the love that never came for u  
but some day u will love 2  
some ppl say u have to love urself b4 u love another  
then you and that special man will love eachother  
some ppl also say better loved than loss  
but for u love u just toss  
maybe you will see things my way  
and tell me somthing u had to say  
but if you dont see it that way at all  
then love i guess just won't call  
maybe love is true  
or it could be just you

angel of passion 016

# Kiss Me

angel of passion 016

# Love Him

it hurts when he hurt u  
i feel the same 2  
but when u have a guy  
he will tell any lie  
but if u truly love him as much  
stay and clutch but if he hurts u  
u know what to do  
dont let him take advantage  
he should jump off a bridge  
he dont deserve u  
u know what 2 do  
if he will harm u emotionally or physically  
never look at him and plee  
to get him back  
hang ur feelings for him on a rack  
u can forgive the way he is  
but when u have that special guy  
he will never lie  
never go one a rim  
always always love him

angel of passion 016

# Love Lies With Us

with any othr id win tht race  
to hold u, kiss u, and hug u 2  
to love the way you smile at me  
to be able to look and see

the sweet passion of ur kiss  
oh how i truley miss  
to hold u close and feel tht bliss

# Love Me For Me And Who I Want To Be

i am different from many other girls you see  
i like to be me  
i love to sing and dance  
i love to skip and prance

i love to read and write  
with all of my might  
only if you could see  
the me i like to be

if you don't accept me for who i am  
then we were never meant to be  
i love to draw a lot  
my life i hope will never be a rout

if you don't approve of me because of this  
then you don't deserve a kiss  
i fell for you  
i wish you did the same to

you can't hurt me at all  
but you can break my fall  
i hoped we would never part  
you're able to break my heart

i was falling in love one more  
there's nothing to be punished for  
we can never be  
if you don't love me for me  
and who i want to be

angel of passion 016

dont wanna loose you  
cause our love is strong and true  
trying to pull us away from eachother  
while kissing one another

my feelings for u are strong  
my heart is never wrong  
as i sing you ur favorite song

so far away  
yet so close  
kisses over the phone  
giggles  
and talking about nothing  
talking about our future  
careers and our children

you say 'you mean so much to me'  
one step at a time so me and you are a we

their friendship always flows  
one down and sudden day very sad  
caused one girl to make the other mad

this girl had a tough life a lot  
their friendship was never a rot  
this girl started to smoke and drink  
their friendship started to sink

this girl messed around with the worst guy  
this is true it's not a lie  
she started to lose her best friend fast  
this girl had the worst past

after this her grades went down a lot  
then this girl started pot  
she had once lost the love of her life once before  
now her life feels like it's no more

now her friend was slipping away  
and maybe sometime her life will end some day  
her and her friend used to be so close

no matter what I'm always there for you  
you are always caring  
and your always understanding

me and you have a special bond only we can see  
in a special world for you and me  
to keep us and our love strong  
we have to know where we belong

I know the love we have forever will last  
our relationship is not meant to be fast  
your the greatest piece of art  
along with your very big heart

we know our feelings we can express  
we think of each other nothing less  
I know I can really sing  
and there's such beauty your your eyes really bring

we've known each other for 4 years  
more than our other peers

we rarely fight wit one another

something burning deep inside  
its taking me on a new ride  
its warm inside my heart

i always feel ur love  
with u there above  
u hold my hand all the time  
i hope youll always be mine

u always have my heart to mend  
u r more to me than a friend  
i have this burn desire  
its more than fire

the way you look at me  
as if we were meant to be

your lips are as a winters tone  
they way you talk on the phone  
the way your voice says i love you  
as if we never saw eachother forever to

your touch is as gentle as the rain on my skin  
the way you would never sin  
the way you play guitar hero

you hug me tight in your sweet embrace  
your luscious lips kiss my face  
you hold me close as we dim the light  
as it becomes midnight

as I walk down this hall  
looking ready for a ball  
you hold my hands and I forget my pain  
that makes my heart beat again

with that bright white smile my heart soars  
and every second beat is yours  
I love to hear your wonderful voice  
no matter what you give me a choice

I never could count them all  
for I love you would be to tall  
the door was closing to my heart  
then you came and took all the hurt

loving you never changed my mind  
cause all of you I could find

# Years To Remember And Years After That

Remembrance Day, a day to forget not,  
these soldiers died as they fought.

I never knew how it felt to loose a loved one,  
mother, daughter, father or son.

I loved my father a lot then one day,  
he finally slipped away.

Now I understand how these families and friends feel,  
never forget your loved ones but let the hurt heal.

But now I moved on not ever forgetting,  
but always remembering.

I miss him sometimes and think about him enough,  
not being able to see him is extremely tough.

Those years passed but I will always remember,  
even those who died in November.

I'm just happy I got to spend time with him for a few years,  
before he was gone and I had shed my tears.

So remember forever the years spent together,  
and just remember for years after that.

My father was my hero,  
as your family and friends are yours.

You have years to remember,  
and years after that.
