I m anil joshi from Nepal
My father name is Gopal joshi
Mymother name is Sita joshi
I love my mother very much
I read im bachelor 1st year

I Only & Only Love U

Blood is streaming, picking up your name
Spreading inside the body all of your fame
Eyes always gazes you & for your gloom
such as the bees, fly flies over the flower's bloom

Darling, loves are in the sky smiling & shining
Pricking out it's wings, it is flying
Catch out it either miss a good chance
Exchange the heart & fade yourself in romance

Don't discard your heart's voice, listen to it
Here is welcome for you, please come & sit
This heart belongs you & speaks the words few
I am made for you so darling 'I only & only love you'
