## Anni verma(24/06/1988)

I am Anni Verma, young, passionate, enthusiastic, active, quick learner, hard worker, soft-spoken, a great dreamer.I want to live life on my own terms and conditions.I am a grounded human who believes in humanity and always look for better things in life.I am searching the actual meaning of life through my own mistakes.

# Dreams

Dreams...

Dreams are the door to success  
Dreams are the world of happiness  
Life without dreams is full of stress  
Dreams are future's address.

If your one dream is broken don't cry,  
But next become true if you try.  
Don't take your dreams like a joke,  
They come true if you have hope.

Your dreams should be your own,  
Otherwise they become a thing of shown.  
Achievement is not the end of dreams  
But beginning of new schemes.

If you are careless, dreams remain dreams  
But if you're careful, dreams become supremes  
Don't scream, give food to your dreams.  
Because your dreams are your future's beams.

I am telling all this because I have lot of  
dreams.

# I Am A Girl, Let Me Fly.

I am a girl, let me fly....

I am a girl, let me fly  
I want to touch the limits of sky  
Please don't cut my wings  
And arrest me in steel rings

At my birth everyone become sad  
Such a feeling of people is very bad  
I am a girl precious than a pearl  
Want to blossom like a flower whorl

I am a daughter, my parents pride  
Have lot of pain hidden inside  
I am a sister and a wife  
But loving my character more than my life

No one on this earth is of my type  
Have some dreams in my life  
No one can feel my cry  
I am a girl, let me fly.

# Just One Life, Live It Fully...

Just one life, live it fully...

Life is one, live it the way you want  
You are unique, be yourself and flaunt  
You are incharge of your life  
Fill it with happiness and spice

Its your life, why to have fear  
Don't worry, if no one is near  
Life is yours take every risk  
Because in life nothing is fix

Be clear about the direction you are going  
Trust God, as this path he is showing.  
In life don't miss any chance  
Because some things happen only once

In life many people come around  
Some give memories and some give wound  
Why we need others shoulder to cry  
You will be happy if you try

Close the doors to past  
Otherwise you have to pay its cost  
A bright future is waiting ahead  
Stop worrying about past, its dead.

You can achieve your goal  
But, what you need is a strong soul  
You can fly and go high  
But, what you need is a little try

Enjoy every moment to its fullest  
In this way you will be happiest  
Move ahead and forget your pain  
Trust yourself you can start it again.

# Life

&quot;Life&quot;;

What is life let me try to explain

It is a paper which is plain

Some write blessings some complaints

What is life let me try to explain

It is a journey which is uncertain

Sometimes happiness sometimes pain

What is life let me try to explain

It is an ocean which seems like fountain

Sometimes calm sometimes din.

What is life let me try to explain

It is like air just to feel and inhale

What is life let me try to explain

At the end, I found what I m explaining

Its definition for all is not same

What is life it is difficult to explain

so I decided, let me enjoy all its phase

What is life it is really difficult to explain.
