My Dream

Education my dream, my dream education
Each day I will do my best, and I won't do any less.
My work will always please me, and I won't accept any mess.
I will always do my assignments,
And try my best on every test,
And examinations set before me,
I won't forget this promise, to do my very best.
Because I know I have a brain.
The brain I have is wider than the sky,
The brain I have is deeper than the sea,
The brain I have is just the weight of GOD,
For, he released to me,
The key to a bright and rewarding future,
The glue that joins our dreams like a stature,
A ladder, that takes us to the height where we belong.
Education
The mother of all profession,
That helps us acquire all our possession,
Education is our right,
And should always remain our right,
For in it our future is bright
And will always remain bright.

My Race

Education is an opportunity, benefit from it.
Education is a challenge, meet it.
Education role for life, play along.
Education is a dream, realize it.
Education is a duty, complete it.
Education is a promise, fulfill it.
Education is a struggle, accept it.
Education is an adventure, dare it.
Education is luck, make it.
Education is right, fight for it.
Education is a journey, embark on it.
Education is a privileged, accept it.
Education the ability, to learn almost anything
Without losing your temper or your self-confidence.
