Daddy

Daddy's love is a love
sent directly from the man above.
When the road is blurry
When my mind is confused
When my heart is broken
When I've been tossed and used.
When my nights are cloudy
and my days are long,
Something about his inspirational words,
keeps me striding along.
When my mind says give up
When I felt I've had enough
When I come to a conclusion,
I couldn't repay him enough.
He is a man of God,
A leader.
A child of God,
A teacher.
A pastor,
A believer.
God has blessed me with him
and him with me.
I love you daddy and thank you for everything.

From Here You Go

Deposited my heart into a love account
Only to find myself empty
I think I want out
Withdraw my heart
Withdraw my soul
Love forget my name
We have nothing left to disgust
Other than love you're the blame.

Time hope peace love
Somebody stop the clock
It's taking me apart
I gave all I got

How do I love?
How do I trust?
How did I forgive?
It's the hardest thing to do
But somebody's got to live

I had to forgive
Forget and move on
Don't tell me you love me
That's a lie to long

Hope stole my heart
My heart stole my dreams
Blind folded
Took me
And every other thing

You promised always
But did it mean forever?
Just like every other lie
You just put them together
Love again?
No love
No never
How about you leave and get yourself together

Don't come back
You'll only waste your time
Time is too precious
You're not going to waste mine

I'LI Succeed

I want to be,
I'm going to be,
I do believe,
I will succeed.

Driven' by my goals
Focused on my dreams
Confidence,
Determination,
Inspiration,
That's within me.

I'm going to trust,
I will proceed,
I'm going to live right,
So my blessings can flow on me.

I may not be everything I want to be
But it will be exactly the way God indent for it to be

"You'll never succeed"
False judgment and labels of me
I will succeed,
I will complete,
I will be,
Everything,
You said I would never amount to be.

Judge Me Not

Judge me not
For I am I am only human
Flesh and bones

Judge me not
My past
Isn't where I belong

Look into my eyes,
My heart and soul you shall see
Everything I've been through brought out the best in me

No regrets
Sorrow or pain
Lessons learned bridges burned
And another story to my name
