# Neglection

Neglection

See to enemy,  
My behaviour to accour negletive,  
To the man in substance,  
To make bore my mind,  
Through to my heart,  
To het this man,  
This means neglet to this man,  
But can not tell enithing,  
Because do not allowing my heart permission,  
We are friends,  
But not corresponds to our thought,  
To make enemy my mind capillary,  
To known everybody stationary negletive man.
