# Forgot

you forgot to give my heart back  
when you left me standing here  
you forgot to give me my smile back  
but instead you left a tear  
you forgot to give me happiness  
but now im always blue  
you forgot to give my mind back  
and now i dont know what to do  
you forgot to give my eyes back  
your the only one i see  
you forgot to give my hands back  
i still feel your gental touch  
you forgot to give my life back  
and im missing you soo much

# Gone Forever

Don't know what's going on don't know what went wrong feels like a hundred years I still can't believe you're gone so I'll stay up all night with these blood shot eyes while these walls surround me with the story of our life. I feel so much better now that you're gone forever I tell myself that I don't miss you at all I'm not lying, denying that I feel so much better that you're gone forever now things are coming clear, and I don't need you here. And in this world around me, I'm glad you disappeared so I'll stay out all night get drunk and f'n fight until the morning comes I'll forget about our life, I feel so much better now that you're gone forever, I tell myself that I don't miss you at all I'm not lying, denying that I feel so much better now, that you're gone forever. First time you screamed at me I should have made you leave I should have known it could be so much better I hope your missing me I hope I've made you see that I'm gone now its coming clear, that I don't need you here and in this world around me, I'm glad you disappeared I feel so much better now that you're gone forever I tell myself that I don't miss you at all, I'm not lying denying that I feel so much better, that you're gone forever.. And now your gone forever! ! !

# Time Of Dying

On the ground I lay, motionless in pain I can see my life flashing before my eyes  
did I fall asleep? Is this all a dream? Wake me up I'm living a nightmare I will not  
die I will survive I will not die I'll wait here for you, I feel alive when you're  
beside me, I will not die I will wait for you in my time of dying on this bed I lay  
losing everything I can see my life passing by was it all to much? Or just not  
enough? Wake me up I'm living a nightmare, I will not die I will survive I will not  
die I'll wait here for you I feel alive when you're beside me I will not die I'll wait  
here for you in my time if dying...

# Truth From Love

written with a pen sealed with a kiss  
if you love me please answer this  
do you love me or do you not  
you told me once before but i forgot  
of all the people i have ever met  
your the one i will never forget  
and if i die before you do i'll go to heaven and wait for you  
and if your not there on judgement day  
i'll know that you went the other way  
i'll give the angels back their wings  
and take the risk the loss of everything  
to prove to you that my for you is true  
i will even go to hell to live with you
