## **&quot;The Storm&quot;**

Once this storm is over, You won't remember how you made through, knore even manage to survive. You're not even sure if the storm has truly over. But one thing is for certain. Is that when you come out. You will not be the same person who walked in. Sometimes I think that's what the storm is about..

# Don't Cry For Me.

I met GOD today.  
Be strong and smile,  
for you will see me,

Do not keep your sad face.  
I am in a much better place.

Do not let your tears fall,  
for I cannot wipe them all away.

Yes, my life wasn't long,  
But I'm begging you to be strong.

Live every moment as if it were your last.  
I won't forget any memories that have passed.

Cherish life and love  
as I watch you from above.

As I remember all of the good things,  
I come to see I have gotten my wings.

# No Longer Afraid.

For I had never been afraid of a hand, or the tone of a voice... I have always stood tall, too proud to be knocked down, until that you came, and I couldn't stop you should know something, I'm no longer afraid. I know that you could hurt me, but you never will was all my fault for letting you in, I'm wiser now. I'm much stronger than you think I had lost before is nothing, I now have even more. My life, my children, my grandchildren. Love you will never know, and faith in God. I'm no longer afraid of you.

# Stone For Stone

Walking in the moonlight on a distant magic, black mother let me pain no now  
the time has come where I need to be alone. I must be this was, for I have been  
hit a stone, Of course I have dug a a long was from here. I planted me some  
lilies there. I have dug it in the middle of know hidden the dark where light has  
never shown, tears of loneliness, and scars from the Damn stone.I must hide my  
face and you must we both have sinned, with hearts throw that stone at me,  
Cause then you offer me if I have dual nice right in me chest, my bones broken  
cause of you. Dont hate me for recognizing I've been badly winded from you.. So  
that grave I dug along the way. It's not for me, Buy it is for you.
