I am 13 years old. but that deosnt mean anything. I have benn through hell and back.. Ummm i am a big God believe and i do question him about why he put me through the things he do I also know that it is making me a stronger better person! ! ! I love spending time with family. I love Kaliyah Nicole! ! She is my Baby Girl forever>>> I cant wait to have a happy healthy life...

Baby Girl

i miss you terribly i have about lost my mind,
i wish i could just chill and unwind
but i cant since you are my main focus,
alot of times you leave me breathless
i am so insecure that you dont want anything to do with me
i think negative thought maybe it was just a BMH thing
which would amke me extremely angry
i believe in you and not our sinful bodies
i hope we both remember our duties
the 1st day i meet you there was somethong about you
after that i was stuck like paper and glue
the 2 week i fell so hard i hit myself on the ground,
i always crave for you to be around,
now my days i wake missing you and go to be wishing
you were here
but at the same time so insecure
my emotions are so unclear
but my 2 questions are will you love and be with me forever and always
WILL YOU MARRY ME?

Change

i didnt realize what i had become
intill that day it had become no fun
past and past each round and round
room by room the same awful sound depending on me
i may break like the effiel tower

Justin Why

why are you mad
what did i do to make you say the words you do
i hate and dis own you
why must i be the bad girl
and jasmine be the good girl
now i am the whore at the door
i am nothing to him
just gave him the world
nothing at all just a dumb stupid girl

Love

love

doesn't always come to you the 1 or 2 try
but when it does you will know for it can't hide
but don't quit on the love because of the pain
love is butterflies in your stomach
cheeks red
feeling light headed

Mirror

when i look in the mirror i dont like what i see
i wish i could see what i always wanted to be
a girl who is own her way to suces
always tried to do her best
never ever made a mistake
intill that day it got gaven away
after that day she never did it her way
intill she came to that 1 special day
then she took it day by day

Thank You

For everything you have done
to make my life better
i may deny it sometimes
but a great part of who i am
is a huge thanks to you
sometimes i think to myself
how you were being strict
and unfair but now i see
it was for the better
and I'm thankful for it all

To My Beautiful Mother

We have been through ups and downs,
i know when you think the best of me i have another letdown,
i know we have had a lot of pain and suffering that has happend,
I would not trade you for nothing not even exchange,
You are one in million
Even though you don't like kids i know you will be Grandma to my children,
I appreciate all the times i was falling and you were there to catch me before i hit
the ground,
After the end of this trail hopefully we will both be around,
I an never say thank you enough for everything you have done to save/help
me<
For that you deserve your own money tree, lol
I truly hope the best for you,
You always seem to understand my mistake and see-through,
ANd for that i hope you have AMAZING Mother's Day

I LOVE YOU 2012

Twelve

Who would have thought a little girl would be exposed to so much
On the run, doing drugs, and having sex
Always in her mind nothing would happen to her
The runs got longer, the drugs got more intense, more aggressive men indeed,
with no hope turning to help to give wisdom to cope
for a successful future she is planning today

Withdrawals

Sitting here we are in two different places,
I am trying to build a platform so i have a steady bases,
but it's hard when you are the one and only thing on my mind,
and all the answer to my racing question are not that easy to find,
i hope you are alright sitting by yourself
probably reading all the books on the library shelf

i wonder if you still thinks about me
or if she still wants the speacial key,
to my heart that can never be reopened by anyone else,
that is my one and only love,
we are like to special doves,
i have no clue what i would do without you
i would die thats for sure,
when can i hold you and never let you go,
i want to know everthing about you from your head to your toe

I love you Kaliyah 11-25-2011

You And Me

i wish i could stop thinking of you
us holding hands just us too
i remember the day our eyes meet
you were the one i kept
i thought it was true
intill that day we blew
i still ask myself
what did i do
i thought you were my one and only boo
words and action of people change
