# Empty

I look around  
I see nothing  
Darkness  
I yell for someone to help  
No one comes  
I hear a voice  
She whispers to me in an ancient language  
I wonder what she said  
Then she screams  
I ask whats wrong  
No reply  
I hear nothing  
I keep walking  
In pitch black  
I find a door  
It's locked  
I don't know what's keeping me here  
Here in this dark, lonely place  
I feel around for a light switch  
Nothing  
I feel as if the dark room is getting smaller  
When I realize  
I'm trapped inside my soul

# I'M Sorry

We were so close  
Then everything went wrong  
I can't believe this happened  
I went to visit an old friend  
You went into a panic attack  
I had a great time  
You yelled when I got back  
Why, I asked you  
You said you didn't like my friend  
You said you didn't want him to steal me  
You said you'd bash his head  
I told you it was no big deal  
I told you that you didn't have to worry  
You didn't believe me  
I can't believe you don't trust me, I said  
You said I don't care what you think  
You said I don't want that guy messing with you  
You said you never know what this guy could do  
I said I have known him my whole life  
I said what's he gonna do, he has a wife  
You said that doesn't mean anything  
You said he could still come on to you  
I told you that you were going crazy  
I told you that you should leave for a while  
You freaked out and yelled some more  
I told you to calm down  
You said not until that guy is out of your life  
I said I can't believe your acting this way  
I said what's gotten into you  
You said I've been watching the news  
I said ya, so  
You said there are a lot of stories about rapists  
I said you seriously think he's like that  
You said ya, I do  
I said well you're blind as a bat  
You said how's that  
I said because you didn't see this coming  
You were confused and lost  
I reached into my purse, I'm sorry I said

I wanted to stop  
But I couldn't control myself  
Everything went black  
BANG  
I realized what I had done  
You were on the floor  
I wished I could rewind so it had never had been done  
Everything went black  
BANG  
Then nothing.....

# I've Got You

Some people will be lonely  
Some people will be blue  
But I know that I have you  
When we are together  
Nothing can be better  
On this day, this very special day  
I will love you in every single way  
When the flowers bloom in the spring  
And the leaves change in the fall  
I will give you everthing  
Like the waves in the ocean  
And the rushing waters of a waterfall  
My love for you is everlasting  
I can't imagine going a day without you  
For that, my dear, would be unbearable  
But I know that I've got you  
If our love is a sin  
Let it be the sweetest of them all  
God will be with you forever, and so will I  
Together, let us bring peace and love to others  
For I know you are very kind  
And you wouldn't hurt a fly  
I love that abot you  
At night, you tuck me in like a child  
In the morning, I know you are there  
For I can fell your fingers running through my hair  
I don't how we ended up where er are know  
But I wouldn't laeve for the world  
I don't want roses  
And I don't want diamonds  
All I want is you  
Some people don't really love  
They take, which is a horrible thing to do  
Loving is not taking  
Taking is hating  
I do not take, I love  
When you leave I beg you not to go  
You urn around and look at me  
I have that sad look you love so much

You can't help but stay a little longer

# You Or Him

I like him  
I love you  
What should I do  
He makes me laugh  
You make me smile  
He makes me blue  
So do you  
I fall in love with you  
He comes along  
You bring me flowers  
He does me wrong  
He's got the face of an angel  
You've got the voice to make me melt  
He wears skater shoes  
You have a studded belt  
I can't beleive  
Why can't this make sense  
Which one is ment to be  
You hurt me  
He comforts me  
You appologize  
Everything's fine  
You've got the sweetest kiss  
He has the prettiest eyes  
You or him  
I'm so confused  
You play the drums  
He plays guitar  
He gives me the best day  
Your way is so cliché  
I love you  
I like him  
You've been my best friend since 3rd grade  
I met him at a parade  
He brings me chocolate  
You get mad  
He tries to protect me  
Everything goes bad  
I love you

He found another girl  
Everyone is happy  
They are done a week later  
I don't understand  
But he takes my hand  
I don't know why  
But he makes me cry  
I go home and run into your arms  
You ask me what is wrong and I tell you  
You get so angry that he hurt me  
You try to talk to him, he makes you bleed  
I tell him that we will never be
