# Heart Broken Poem

I hope I never fall again  
I wish I never knew the end  
It was in a heartbeat that we met  
And just as fast it was dead

It was love that wasn't supposed to be  
I was falling for him  
But he wasn't yet into me

Late now we know its too late  
My life is made I found my soul mate  
It hurts to know I broke his heart  
But just like me he tore mine apart

Friend's is what we ended up to be  
I'm in love with my husband  
Now he's in love with me

Its sad to say there can't be more  
My heart repared his dropped on the floor

He's a strong man  
And I'm happy he's doing great  
What happened with us was not a mistake  
It was for us a special act of fate

# His Wife

Baby, as my husband and best friend  
i would like to tell you a thing or two.  
There is a very special person in my life  
who i think you would like too.

I met him a few years ago  
at a very uncomfortable place,  
he touched my heart  
in many beautiful ways.

He was that person i could count on  
when no one else was around  
He would come to my rescue  
and erase all of my frowns.

Now still, if i am hurting  
he will make it dissapear,  
He is my only medicine  
whenever he is near.

I feel like I have loved him  
since way before we met  
I hope you can understand  
because i have no regrets.

I will never regret meeting him  
or having him in my life  
I love him so dearly  
and i am proud to be his wife.

# I Wish

I wish you could see  
the pain you put me through  
i wish you would notice  
that my heart is breaking because of you

When i am sad and feeling lonely  
i wish you could put a smile on my face  
at least hold me in your arms  
and say everything will be ok.

I wish you were not the one  
that hurts me and makes cry  
because you know you are'  
the most important person in my life

You might not do it on purpose  
but you still hurt me deep inside  
I wish you could appreciate me  
and know that for you i would die.

I wish this wasn't happening  
i want you to love me as much as i do  
you are pushing me away slowly  
please stop what you're putting me through.

# My Daughter Darlene

She's a little princess, dancing around in the snow.  
She's a girly girl showing off her pink bow.  
Her eyes shine and get smaller when she smiles  
She cries for her bottle but its only for a while.

She laughs and giggles when she hears daddy on the phone,  
Her eyes glisten when she sees daddy coming home.  
She runs around every store she goes  
At home she plays around trying on different clothes.

She goes in the closet and looks at mommy's shoes  
She stands there for a minute deciding which to choose.  
When walking in crowds she likes to flirt  
She blows kisses and tries speaking a couple words.

She's anxious to discover whats underneath the sink  
But when daddy's says no it just makes her stop to think.  
Should she go for it? or stay away?  
Then she sees her toys and she goes off to play.

She's got a favorite blanky she takes everywhere to sleep  
And her little white teddy she never forgets when she leaves.  
Shes's a gift from god an angel with innocent mind  
She grows everyday with her parents right behind.  
She's precious the most beautiful person i've ever seen.  
She's my world, my everything, my daughter Darlene.

# Our Friendship

I wish there was something I could do  
To stop the tears you cry  
Some words, a hug, or just stay by your side

But you are like a crab  
You hide inside your shell  
What can I do if you never  
Accepted any of my help

Its hard to see you sad  
And telling me to go away  
When all I want to do is be by your side  
And hear what you have to say

Its like you almost forgot  
That we were best friend's  
You forgot that during the hard times  
We always held hands

Is it that bad? Can I please know?  
What's going on in your life?  
What's hurting you so?

As your best friend I promised  
Not to ever give up on you  
And you know that's the last thing I would do

Maybe its my new life  
That makes us seperate a little more  
But you know that when it comes to our friendship  
I don't leave you alone

I'm thinking you want to end this  
The friendship and all  
But even if you put an end  
You can never put a wall

Our memories are sacred  
And our friendship too

But if this is the end don't forget me  
Ill always remember you

# Una Verdadera Mujer

sino la que se niega a exivirse aunque le ofrescan atencion y fama'
