Charisse Burse()

Hey dudes and dudettes.I'm 16 years-old and love to write poems even though I don't seem like it by my face expressions.I write about mostly sad, depressing, mean so often I write about thing nice.

Distance Love

Watching you from a far

your eyes glows like the night star

dreamin of a could be.....but was not meant to be

living in harmony is what I seek

the happy life not a broken dream

all is fair then love and war

our distance love can be no more.

If I...

If I hurt, you will cry

If I cry, you will suffer

If I suffer, you will die!

If you die, I will laugh

as cold-hearted like you I can be too

Jokes

Jokes

Jokes are mean, jokes are cruel
how would you like to be fool?
Jokes are wrong, jokes aren't right
but don't worry I get you tonight!
I hate those things, and I can't stand them lies
tell the truth why don't you try!

Strangers

Facing the world on my own

theres no place I call home

trapped inside nowhere to run

a lonely outcast to everyone

all stay away, and none gets near

left behind sadly I know nobody

wants me here. I'm a stranger to this world
