..... just me.....

.. The Traffic Wont Care....

. . the traffic runs fast.. it wont care
the dogs will bark till heaven breaks
the day so still but time in haste
the night has gone even before u wake
a burden of ten worlds drooping ur shoulders
you look up to sky it just ask questions? ? ?
down a lane dear old friend waiting for you
just to kiss good bye to start a new life
back home with a tinge of blue
but a reason to smile over the same old coffee
and a new pair of shoes....
remember traffic runs fast it wont care.....

... When Did We Last Live

When did we last live

i guess in some distant dreams
or the faint memoirs of childhood
playing behind the hills...

when did we last live
when the tension bell rang in our head
or the news on tv shocked us to death

when did we last live
when did we last smile
ahhh what you see of them
are the grins of arrogance
or the prangs of pride...
when did we last live
when was it we looked up to sky
the glory of moon is still there there
and so is the feat of thousand joys
just that our passion has died.....

when did we last live
when was it we had a sigh
if the gallop of air is enough to survive
why does voice choke
why does our spine shiver...
when did we last live
when will we ever live.....

..... To Live A Life....

..... it takes time to live a life.....
to forget what you can't
to accept what you can
it takes times to live a life
to love what is left
to leave what you loved
it takes time to live a life
to go with this pain
till the pain lets you go.....
it takes time to live a life
to doubt your reasons
to reason your doubts
it takes time to live a life
to watch the fleeting time pass by
and wait n wait and wait till you tired
and keep on waiting till your time arrives
..... it takes time to live a life....

.....Rise.....

rise till you cease to feel

rise till you don't feel to cease
rise above your own thoughts
rise till you own your thoughts
rise above the myths of faith
rise above the whips of fate
rise when time does not stand by your side
rise till you side line the time.....
rise above the despondency,
rise above the complaints...
rise rise and rise till cynicism fails.....

.....Just A Human Being

I wanted to be a star

but skies couldn't hold me

I tried to be a melodic symphony

but hard to compose me

then i tried to be a smile

but sorrow just failed me.....

then i wanted to be beauty

but arrogance veiled me.....

then i tried to be victory

but stumbled before i could leap.....'

Oh how i wished to be freedom

but was surrounded by walls and heaps...

so i just became a human being

because i so well know what pain means.....

Chimera.....

kiss of passion

joy of love.
a sultry night '
a hue of dust
a herd of chaos
a pinch of pain
i look back
and life is-int the same
a chimera once again.....

No Woman Dont Cry

no woman don cry

know the power of your desire

for eve Adam left paradise

no woman don cry

your strength wont die

it can melt fire

no woman don cry

ur tears wont dry

u give your life for pain

to create a new world again

no woman don cry

you possess a heart little wild

so set it free give it a try....

no woman don cry don cry don ever cry

Silent Dream

In the somnolence of night

i hear the whimper of my silent dream
and a strange echo of laughter
and memories of memory
a sense of shame
ummmmmm yet to begin
this silent dream....
worried dont' let me live
but hope won't let me die.....
the unfilled desires..
ummm yet to begin
this silent dream
silent dream.....
