I'm sorry for hurting you  
I'm sorry for making you cry  
I'm sorry I didn't realize why  
I'm sorry for not understanding you new right  
I'm sorry for all those fights  
I'm sorry for not listening  
I'm sorry for not trying  
I'm sorry I failed you  
I'm sorry I didn't try  
I'm sorry for not caring  
I'm sorry for not supporting you  
I'm sorry I really am  
I'm sorry it was too late  
I'm sorry I cried all night  
I'm sorry I never found you

# A Rose For A Rose

a rose for a rose

Love is a force so strong it rules all reasons

you drive me to distraction

the rose is virtual but my love is real

nothing compares to you

i'd be honored if you 'd be mine.

Damn Angel

# Borrowed Angels

Their so bright, and they feel so much more.  
They touch your heart in ways no one has done before.  
Their love is sweeter, and in their eyes they show to give you the very best.  
Their giggles make our lives so blest.  
So why do they, in return go so soon? .  
Angels with the most beautiful souls I heard someone say on a full moon.

They must be borrowed angels, here with us in life.  
They make everything seem rosy and bright.  
Sometimes sadly their Heaven sent,  
And sometimes...Heaven needs them back again.

They look so deep within you, they can see your soul.  
And even when they leave you know you'll never let go.  
The sky seems bluer and the grass is a rich, forest green.  
The little angel's work has been done, it seems.

It's okay to cry, you've lost something dear.  
But remember that the angel will always be near.  
It's looking down from Heaven upon you, with such bliss.  
And in the winds it sends down a little kiss.  
It's sad for them to go, but their Heaven sent.  
And sometimes, Heaven needs them back again.

# Broken Heart

I will never forget the days we once had  
The days when you were everything to me  
My mind used to tell me we'd be together forever  
But now I realize that was all a big dream  
The feelings I have for you will never go  
I wish I could take back that one regretful day  
The day when I willingly let you slide from my arms  
Never did I think of the astonishing pain of regrets  
That I would once have to live through  
The sight of you in someone else's arms  
Makes my heart shatter into a million pieces  
I sometimes wonder if you still think of me  
Or if to you, I'm just a face in the crowd  
I wish so very much that one day we can have it all back  
But for now, I'll sit here silently  
Remembering all the memories we once shared  
Everyday my love grows much stronger  
Hoping that one day you will feel the same  
And put back the pieces of my broken heart.

# Do You Know Why I Love You?

do you know why i love you?

i love you cause i don't need for anything when i'm with you

i don't need to arrange my words when i talk to you

i don't need to close my shirt buttons or tauten my cravat

i don't need to find a way to attraction or excitation you

with you i breathed deep sigh

and may be i don't need the air

what i'm doing with it if my deep sigh between your lips giving me a thousand soul in my breath

do you know why i love you?

cause you are like the sea and i'm the sailor

'have you ever heard that a sailor abandon the sea'

i don't care if waves drive me to the lithosphere

i don't care if you throught me to my quietus

i don't care

i love you cause you have from the impossiele everything

with you i can feel in my life and i can taste my death

i love you

cause all perfumes mixed in you and i can smeel every roses in you

do you know why i love you?

it's my disteny to fall in love with you

it's not written in birthdate papers or on my forehead

even if you ask the fortune-tellers or by the constellation

do you know why i love you?

cause in your love i desert lying and i challenged the universe

your love was my case after that it became my fate

i love you

cause the sun was stealing beauty from the light in your cheeks

and the moon was nothing for me until i saw you

his beauty...

his charmed...

and my watchful all the night was entertaining me when i was faraway from you

i love you my girl

if they chosen me between you or i live for a thousand life

i will choose you between all the womans in the world to be my love.

# Forever

Forever is such a common word  
you here it everyday, everywhere its heard  
you hear it from your love, you hear it from your friends  
you hear it from your family, u know it has to end  
U know that soon or later..  
they'll have to understand  
that forever is that forbidden word  
that you cannot command  
you cannot say when it will begin or either end  
For nothing is forever  
what dont you comprehend?  
This world is full of lies  
so many humans die..  
what happend to forever?  
Was it all a lie?  
You think back to the day some one had said that 'word'  
That forbidden word..that should not be heard..  
It brakes your heart to think back  
and know that know that u were right  
to know that word would last just for one night..  
he left and left you with your soul deep under sinking to the floor  
Forever were his words...that forbidden word that should not be said  
will now be stuck sunk into your head..  
So i tell all..please dont hurt others with your lies and words...  
mostly this forbidden word that should not be heard.

# Grief Promise Me To Leave ' Part 1 '

It's a conversation between my heart and my grief at the same time  
GRIEF PROMISE ME TO LEAVE (PART 1)

My heart: you promised me in the last days that you are leaving me

My grief: I loved your spirit; I found my settlement and safe in it and I  
Think I will stay forever

My heart: but you promised me, and here you are broken your promise to me

My grief: I felt that you always need me so I took eternal place inside you

My heart: I didn't need you in fact I'm tired of your vicinage to me

My grief: no you didn't see anything from me until now, it's just the beginning

My heart: what's wrong with you, you always by my side? Why you prevent the  
happiness to get inside my heart? And if it came in, you you will gave her only  
five seconds why?

My grief: I used on your broken heart

My heart: isn't there another hearts to live in it why mine?

My grief: yes there is, but I (ardent love) your soul

My heart: please go away; go away, my yearning will kill me...

My grief: ask your self? Is it possible leaving a heart his desire grief?

My heart: find another me, there is a lot of hearts are waiting

My grief: I can't? Because I lived in a heart his beatings get used on me

My heart: please mercy my wounds

My grief: I'm sorry, but this is our life

My heart: mercy my tears, my eyes dry out cause of you

My grief: I can't leave you

My heart: my friends abandon me

My grief: then they are not your friends

My heart: they left me alone and broken sitting on your chair

My grief: don't worry you are the victorious

My heart: I miss them

My grief: they are not useful for you? Cause I reside in you when you know  
them

Quiet

My grief controlling totally in my heart now

My heart: you are like the sword cutting me every time you come near, but I will  
be patient, yes I will be patient for you grief, I will...

My grief made a mockery laughing

My grief: the age rewarding me for this

My heart closed his eyes in a silent way... wait... there is a (happiness whisper) comes and cross me silently, but its mute cause the grief was controlling me totally.

happiness whisper: forgive me my friend i have no place between you, I'm died from along long time, I just came to see is grief still in your heart or he left you so I can take a place between your heart, forgive me my friend the grief is my master.

The conversation is so quiet and the calmness spread through them

My heart: don't leave me like that, come to me just for a moment I wanna taste your happiness that you got between your whispers.

Happiness whisper has left me in silent and quiet way

my heart: where are you my grief come to me, come to my heart that you used to be always, give me new promise, then may be you will reside in a heart for someone else me.

My grief: I will leave you just in one case? When I see the world opened his armful for happiness, love, and safe. In that time I want you give me the signal to leave you! !

My grief is killing my heart now

My grief: now I want you hear me your words about love that you kept torturing me in it

My heart: ok. You are the only one I've got now

Trust me

Cause I know the pain...

The pain is over here and over there,

Pain in my heart pain in my soul,

Pain in my skin pain in my bones...

Trust me

Cause I know the cold nights...

It's when my heart freezing, my eyes clouded and I won't close it,

Cause I scared to see the darkness and fell the silence,

oh my God I'm closing my eyes, I can't take it any more ahhhh.....

Now I'm afraid to open it cause I don't want be alone again...

Trust me  
Cause I know the loneliness...  
It's when I don't get to hear from you,  
Loneliness when I know you are not here by my side,  
Loneliness when I'm thinking silently about you...

Trust me  
Cause I know my soul...  
It's smashed to three parts,  
The first is happy,  
The sec is sad,  
The third is full of misery,  
Ahhh... now I can fell in my soul,  
Happiness was never meant for me...

Trust me  
Cause I know my heart...  
Aches...  
Broken...  
Scattered around...  
Ahhh.... my heart is killing me...  
My heart need to heal by some glue...  
All of that because of.... ahah (keep chocking) .

My grief: enough, enough, what is all that! !  
My heart: you put in me the eternal grief, you put in me the unceasing yearning,  
you put in me all the kinds of illusions and more, so take it it's yours....  
My grief: I will leave you now my friend; I will leave you my friend.  
But I want you remember that a part of me will stay in you forever...

""After three months of lying and illusions""

## GRIEF PROMISE ME TO LEAVE ' PART 2'

My heart: come back to me grief

My grief: I'm not grief any more I developed to MISERY

My heart: whatever just come?

My misery: I'm coming my friend

My heart: you were right

My misery: as I told you before but you won't believe me

My heart: I believe in you now

My misery with a 'happy tone': tell me what's happened

My heart: what should I tell you! ? I'm stupid.... I'm foolish

My misery: I agree cause every one think in his heart he is big idiot and you are idiot

My heart: she destroyed my soul

My misery: like always

My heart: I don't want that any more

My misery: what do you want?

My heart: I wanna death

My misery: not in your hand, it's our life happiness & sadness

My heart: but my life always painful, what should I do, may I blame the fate or what?

My misery: no, blame your self? You were so nice toy in other hands you are idiot, so blame yourself.

My heart: she lied to me, she gave me hope, life and happiness in months and took it from me in a little moments.

My misery: that's because of your kindness, and there is no place for you in this world.

My heart: you are the only one who can understand me well.

My misery: I know that cause we borne together.

'My misery thinking'

My misery: you shouldn't keep moving in your life

My heart: I know! ?

My heart: I just wanna the honest from her not anything else

My misery: you won't get it

My heart: she thought me a little nice toy in her hands

My misery: with all my regret, you were and you will still always

'My heart thinking about ending his misery'

'My heart saw a knife near from him, he carry it to suicide and end his cruel life'

My misery ' with happy voice ': what you doing?

My heart: I can't be idiot anymore, cause I believed in something silly doesn't existed ' love '.

My misery: you are right.

My heart: I'm sorry for keeping you away from me.

My misery: its ok, as I told you before, something from me will still inside you.

My heart: you are my faithful friend.

My misery: we had borne together.

'My heart I s going to suicide now'

My misery: any last words?

my heart: before I leave this life forever I want you promise me that you will never go to live in her heart ever, cause she make me live in the most beautiful illusion I've seen.

My misery: do you know that you are stupid?

My heart: I know cause she kept telling me this word.

My misery: ok I promise you but you have to end your life now

My heart: ok i will

'When my heart tried to stick the knife in his heart'

'The 'happiness whisper' came to him in hurry again but she barely breathing'

Happiness whisper: what you doing? Are you crazy?

My heart: yes I'm crazy cause I loved someone in crazy way but, she failed me, and the misery controlling me forever.

My misery: let him rest of his cruel life.

'Happiness whisper trying to convince misery to make him not killing him self'

My heart: it's too late, that's my choice.

'Happiness whisper started to vanish'

Happiness whisper: you don't deserve that, you are good heart

My heart: forgive me I'm not belonged to this world

'The happiness whisper start crying and after a while she vanished'

'My misery was standing and waiting'

My heart: goodbye and don't forget what you promised me don't forget

my heart stick the knife in the center and he begin bleeding to death, his tears freeze on his eyeball, he begin trembling, his color turned from the puce to the dark blue, and then he is died.

The misery: it was his end but, it was the beginning for other broken hearts so be careful cause I'm coming.....

it's to who make her soul hug mine  
it's to who make her love lived in my heart

# I'M Deluging

if you were my friend... help me to leaving you  
if you were my love... help me to heal my wounds from you  
if i knew that loving is too dangerous... i wish i never loved  
if i knew the ocean is too deep... i wish i never sailed  
if i was knew my end... i wish i never start

i missed you so much...  
so teach me, not to feel yearning for your love  
teach me, how i cut our 'love root' from the hardpan  
teach me, how is the tears died in the gardens  
teach me, how is the heart dying and the yearnings get suicide

the blue wave in your eyes, keep dragging me to the deepen  
you know that i havn't enough experiment in love... and i havn't lifeboat  
so please if you were love me, take my hand and help me  
i'm in love from my forehead until my tiptoe  
i'm breathing under water now  
i'm deluging  
help me i'm deluging now

I still have all the cuts that i hide  
and although im still alive  
I wish I would've died

Death for me is not an answer its a escape  
only tears there as I press the blade against my skin  
tears are mixed with my blood  
now i'm satisfied i deseved that pain

# Life Teach Me This

this poem takes from me about 2 months to finish it, so please if there is any suggestios please tell me about it and i wanna see your comments. thx and enjoy it....

Life teach me this

To be sure of your self it isn't mean that you are conceited  
If you cried it isn't mean that you have weak heart  
If you smile it isn't mean that you haven't sad and pain inside you  
If you mistake once it isn't mean that you are bad person

Life teach me this

The most painful thing in life is to be ignored by others  
The most painful thing in life is to lose a friend you really love, to earning other one didn't care about you  
The most painful thing in life is when your friends so busy from condolence you especially when you need someone close to upraise your morale  
The most painful thing in life when you tell about your deep thoughts and they laughing mockery in your face  
The most painful thing in life when you figure out that the only person who care about you is only you

Life teach me this

The most beautiful moments in life when you live in people hearts without lying and deceiving  
The most beautiful moments in life when you resist the devil and came back to God and knocking his door after a long absence  
The most beautiful moments in life when every one around care about you and helping you to heal your wounds

Life teach me this

Life is cruel when it makes you abandon your only love and all your precious dreams, and judging on you by death when you still alive  
Life is cruel when it steel the precious smile, the happiness and the greatest heart, then you hate your life and the world going upside down  
Life is cruel when it's turn your days to a dark nights, grief and always crying specially when you used to be amorous to the sun  
Life is cruel when misery and pain take a deep place in your life and you know that your happiness moments is so rarely

Life is cruel especially when you start crying and no one hear you, when you start shouting and no one answering you only your echo  
Life is cruel when it snatching your soul, emotions and your feelings and replace it by forgetful and separating you from you best friends  
Life is cruel when loneliness became your route mate and oppression, wormwood became your best friends

'Life is so cruel when you read these words and you know it's expressing about what inside your heart'

'Life is so cruel when you read these phrases and you know it's just a flash of your life'

SO LIFE TEACH ME THIS

# My End Story

my end story

there is no way to stay my love, i have to leave?

so let me live my few days such as it could be

let's separate! ! ! ! let's forget the past

believe me i won't miss you and i won't feel yearning for you

the earth will not stop circumlocution

my days will not complaint from your farewell

but

may be, i will miss you in my dreams that you used to be my hero in it

may be, my chest will be surprised cause you used to be my heart

even my tears will ask me about your fingers that used to wipe it off

why? i have to live in sadness and deprivation. why?

why? is everyone around me is happy and i'm not. why?

why? is my tears closer to me than my self and my selfsame. why?

why me? why me?

God forgive the persons who bring me to this cruel life

i will still always cursing this word ' love '

i will leave my life for you, and between your hands

hope, life, and personality it's all over for me.

that's a story i was the hero in it,

and my end was it end.

Damn Angel

# Never Say Forever

never say forever

never say i love you  
if you don't really care...

never talks about feelings  
if they aren't really there...

never hold my hands  
if you are going to break my heart...

never say you are going to  
if you don't plan to start

never look into my eyes  
if all you is lie...

never say hello  
if you really mean goodbye...

if you really mean forever  
then say that you will try...

never say forever  
cause forever makes me cry...

Damn Angel

# No Longer There

Why is it  
that we can never remain friends?  
We were so close when we were together.  
I thought of you as my best friend  
but now that we are no longer a couple  
it seems as if we've lost our trust,  
our trust in each other and our love.  
You say you want to be good friends,  
but how can you think that I would hurt you  
or tell your secrets  
that you told me while we laid in each others arms  
I wouldn't and couldn't ever hurt you  
I can't be mad at you because it hurts to much  
it hurts not to hear your voice  
or not to see your face.  
I miss you but I try to put you out of my mind  
so that my heart won't ache anymore  
I wish I didn't care so much.  
I wish I didn't miss you  
but I do  
and I try to deny it  
and I try to pretend I don't care  
but I do

Damn Angel

# One Last Kiss

Please before you go  
Before you leave me all alone  
-All I want is one last kiss-  
Before you turn away  
Before we say our 'Good Byes'  
-All I want is one last kiss-  
The times we have shared together  
And now it's all ending  
-All I want is one last kiss-  
Just one little innocent kiss  
Is all I'm asking  
Before we break this bond  
That we have formed within the years  
Before we become friends  
Instead of lovers  
-All I want is one last kiss-

Damn Angel

# Slow Tears

I look up  
as a tear rolls slowly  
down my cheek  
I think about better days  
and wonder if I'll feel that way again  
you look at me  
with those eyes I know so well  
always serious, so deep and insightful  
as though you're always in control  
But not today  
not now  
Now you look so scared  
like for once you don't have the answer  
I gaze at you  
looking deep into those hazel eyes  
Hoping to understand  
why you've said those things you did  
I wonder for a moment  
if this is all a dream  
if I shall wake in the morning  
and be relieved  
you look at me  
with a confusion I have never seen  
slowly pull me towards you  
and wipe the tears from my cheek

Damn Angel

# Tell Me The Truth, No More Lies

Tell me the truth, no more lies  
If you don't like me, look at me in the eyes

Say it, don't keep it hidden from me  
I would understand, I won't be unhappy

I don't want you to force yourself to like a man you really hate  
Please just say good-bye, don't hesitate

I don't ever want to see you cry  
Please, just say good-bye

Damn Angel

# The Hard And The Harder

Hard: loving someone doesn't love you

Harder: keep loving her\him even if he\she doesn't feeling you

Hard: ending truly love for something silly

Harder: keep separating and every one waiting the signal from other

Hard: saying Goodbye in love

Harder: to end love without saying a word

Hard: farewell when you fall in love

Harder: when your love comes from one side and it's yours

Hard: to choose who you really love

Harder: trying to forget someone you were really love

Hard: to fall in love in the wrong time

Harder: falling in love in the wrong time with the wrong person

Hard: leaving you the only person you really care and love

Harder: when you asking her\him why? And won't tell you

Hard: to fall in love with someone hurt before and her\his heart still bleeding

it's a special language don't need for a translation

it's a weapon for life and brain

it's a key for a locker hearts

doing it doesn't cost you anything

doing it doesn't take more than a sight glance

it's so effective and penetrating hearts

it's take us to another world

it's expel the grief from our hearts

it's clearing our spirits

# The Sorry Stranger

if i could turn back time,  
or take back what i said, i would.

i'm sorry for being unkind

the regret i have of loving you, is that i hurt you.

now we are strangers in our time,  
although they say, out of sight and out of mind

# There Is No Return Date For My Heart

You can't come back after what you did  
The road is closed  
Our windows are boarded up  
My heart is padlocked

There's no erasing time  
No quick fix to take away the pain  
No rewind button

What we had was beauty in its simplest form  
Nothing less than pure happiness  
Then you turned the page and it was over.

The guy who once loved me  
Betrayed me  
We can't have beauty or happiness.  
The pain has taken its toll on me.

I refuse to love and lose again.

# Tonight I'M Going To Cry

Tonight I sit and stare out my window while tears run down my cheeks and my mind races back to a time when you were mine; I feel your touch as you hold me close, then I see that look in your eyes, how can a love so right and strong be gone? Too many questions with no answers come to mind. So I sit and stare out the window; I wonder why. I hang my head in sorrow, tonight I'm going to cry.

# When Love Is Dying

when love is dying

came to tell me ' it's time to leave '  
she will leave me forever  
she will depart from my life to another world

came to put a schedule to begin my journey of suffering and sadness

came to tell me with all cold blood that she will leave me wrestling pain loneliness  
and misery alone

came to throw a bomb of feelings and emotions, so she can blow it up inside me  
and leave my heart alone suffering by his wounds and died in the future

my heart is full of injuries  
how could he bear the pain of shock?  
how could he bear the flame of farewell?  
how is my body live and my heart is died?

my eyes looks at her eyes  
there is something come out from my chest?  
my heart is screeching with all his voice

' i said to her in sadness tone '  
how could you do this to me?  
your stoned heart is criminal now cause he forget our beautiful moments

' she answered me in so cold way, with happiness tone '

I'M LEAVING

my tears freeze in my eyeball  
my heart is blow up and scattered around  
he can't bear more pain and more wounds

all that not because she left me but  
cause of, i lost my heart and my love forevr

# When You Love Someone

When you love someone? You'll do any thing.. you'll do all crazy things That you can't explain... You'll shoot the moon.. put out the sun

When you love someone? You'll deny the truth.. believe a lie There'll be times that you'll believe you can really fly.. but your lonely nights.. have just begun...

When you love someone? You'll feel it deep inside.. and nothing else.. can ever change your mind

When you want someone? When you need someone? When you love someone?

You'll sacrifice.. you'd give it every thing you get.. and you won't think twice..

you'd risk it all.. no matter.. what my come When you love someone? You'll

shoot the moon.. put out the sun When you love someone?

but the question is that person deserve all that or not? ? ?
