# All I Want Is You

all i want is you-the way you smile at me  
all i want is you-the way my mind roams free

all i want is you-you just don't understand  
the feeling that goes through me when you hold my hand

all i want is you -th way you make me feel  
baby i don't want you, i need you-is this really real

# Annoying

siblings siblings, siblings  
they are mommie's little children  
the are always into my stuff  
so what do i do then?

waah, waah, waah  
do they always have to cry?  
all they do is sit and whine  
even when you ask them why

siblings, brothers and sisters  
i do not like them one bit  
because when they finally stop crying  
all they can say is, Sissy DID IT!

# Feelings

i get the best feeling that i have ever felt  
the way you look at me makes my heart melt even when you're not looking at me  
i know you're thinking of me  
because im in love with you deeply, can't you see?

# Forever Be Without You

the way he held sweetly through the night  
when im in his arms nothing else is in sight  
except him and me, me and him  
i miss him, it's just that simple  
DUH! why don't yall understand  
that the touch of his hand was as  
soft as a pillow floating, floating, floating up there  
then my whole world disappeared  
in that moment i felt as if the  
world was ending  
all the emotion i was feeling  
bottled up inside ready to bust  
i wait, forget, or just  
admire from afar  
when where we are now  
is further away than i wanna be  
your heart is what i wanna keep  
with me forever you see  
will my emotions overcome me?  
or will i finally overcome them and forever  
be without you?

# Freedom

freedom is a beautiful thing  
the freedom to laugh, love, speak, and sing

im so glad this country is free  
the freedom is for everyone, for you and for me

so the land of the free and the home of the brave  
i love this country, GOD BLESS THE U.S.A

# Goodbye Doesn't Mean Goodbye Forever

I can't say what I'm feeling  
I just can't seem to talk  
You're really leaving? -time is ticking  
Time is running right out of the clock

I've never felt this way before  
Please don't make me lose you now  
I've never been able to tell you the words  
So I'll do the best I know how

I'm happy inside when you're around  
When you're not I sit and sigh  
But if you leave me forever and ever  
I'll even start to cry

The feeling inside me  
When you hold my hand  
Is just like the feeling I get  
When my toes are in the sand

When I'm mad, sad, or lonely  
And my mind goes into space  
All I do is think of you  
And a smile comes across my face

This time I'll try to keep my heart  
This time I will not fall apart

I can make it, you know, you know I can  
Just think of what we could've been

So happy together, you know it's true  
Don't worry, this isn't the end, some day I will find you

Maybe tonight I'll be able to sleep  
The feeling won't be so bad, and it won't hurt so deep

Someday we will meet again  
Just never ever forget me, my friend

it doesn't matter if you go  
across the country, or state, or whatever  
just promise me, that you agree  
that goodbye doesn't mean goodbye forever

# Have U Ever

have u ever loved someone  
but they never loved u back  
edo u want to tell someone how u feel, but u can't  
and yur just about to crack

have you ever wanted to hold someone  
sweetly through the night  
have you ever wanted to open your heart  
but something don't feel right

have you ever held back loving someone  
cause you were afraid to try  
have you ever loved someone so much  
it made you want to cry

## Heart @

this time it's gonna keep my heart  
i'm gonna be strong and not fall apart  
i'll get better, i'll no longer cry  
in a couple of weeks i won't want to die  
i won't want to go back, i'll be able to sleep  
i won't hurt so bad and it won't feel so deep.

# I Could'Nt

when i saw him i couldnt breathe  
i felt a feeling i could hardly believe

my heart stopped, it wasnt beating  
i could barely believe what i was seeing

i couldnt believe he was there  
all i could is sit and stare

i couldnt move, i couldnt walk  
i was so amazed i couldnt walk

before i knew it time stopped  
then our eyes finally met  
he's just so perfect  
hes gotta be heaven sent

# Love

a person who believes it has it  
a person who doesn't believe in it never gets it  
a person who desires it wants it  
so if you believe in it get it  
if you have it keep it  
if you need it go for it  
if you want it have it  
yes it's true it's a gift from above  
the thing I'm describing is your one true love

danielle jackson

# Me

the wake of the morning  
the up in the sky  
the colors of the night  
and the courage not to cry

i sit and wonder who i am  
and where i wanna go  
i dream, and think, and talk and wonder  
with nothing there to show

danielle jackson

# Memories

how dare you leave me out in the cold  
how could ever leave me all alone

i miss you so much oh i want you to see  
how we would die and set you free

you were many things to lots of family  
you were a dad, and a brother but a grandfather to me

if you really love me why did you have to go  
i love you, i miss you and i want you to know

spread the love all around  
cause i know you are there smiling down

danielle jackson

# Sisters

my sister, my friend  
my partner in crime  
you're always there for me  
even at the worst time

we as sisters almost share everything  
even mom and dad  
you're always there no matter what  
even when times get bad

danielle jackson

# The Feeling

the feeling i get when im around you  
i like alot but baby, you don't have a clue

the feeling i get when you hold my hand is  
like the one i get when my toes go in the sand

when im mad, sad or lonley  
and mind goes into space,  
all i have to do, is think of you,  
and a smile comes across my face
